

OFFICIAL STATEMENT DATED AUGUST 18, 2026

NEW ISSUE

BOND ANTICIPATION NOTES

In the opinion of Hodgson Russ LLP, of Buffalo, New York, Bond Counsel, under the existing statutes, regulations, rulings and court decisions, and assuming continuing compliance with certain tax certifications described herein, interest on the Notes is excluded from gross income for federal income tax purposes under Section 103 of the Internal Revenue Code of 1986 (the "Code"), as amended. Bond Counsel is also of the opinion that the interest on the Notes is not treated as an item of tax preference for purposes of the federal alternative minimum tax imposed on individuals. Furthermore, Bond Counsel is of the opinion that, under existing statutes, interest on the Notes is exempt from personal income taxes imposed by New York State and any political subdivision thereof. See "TAX EXEMPTION" herein.

The Notes WILL NOT be designated by the District as "qualified tax-exempt obligations" pursuant to Section 265(b)(3) of the Code.

**THE CITY SCHOOL DISTRICT OF THE CITY OF DUNKIRK
CHAUTAUQUA COUNTY, NEW YORK
(the "District" or the "School District")**

\$12,000,000

**BOND ANTICIPATION NOTES, 2026A
(the "Notes")
(Designated/Bank Qualified)**

**At an Interest Rate of 4.00% to Yield 3.05%
CUSIP #265561 KR0**

Dated: September 1, 2026

Due: June 30, 2027

Security and Source of Payment: The Notes are general obligations of the District and will contain a pledge of its faith and credit for the payment of the principal of and interest on the Notes. Unless paid from other sources, all the taxable real property within the District is subject to the levy of *ad valorem* taxes to pay the Notes and interest thereon, without limitation as to rate or amount (subject to certain statutory limitations imposed by Chapter 97 of the 2011 Laws of New York). See "TAX LEVY LIMITATION LAW" herein.

Prior Redemption: The Notes will NOT be subject to redemption, in whole or in part, prior to maturity.

Form and Denomination: The Notes will be issued as registered notes and, at the option of the initial purchaser(s), may be registered to the payable to the Depository Trust Company ("DTC" or the "securities depository"), or may be registered in the name of the initial purchaser(s).

The Notes will be registered in the name of Cede & Co., as nominee of DTC in New York, New York, which will act as securities depository for the Notes. In such event, individual purchases will be made in book-entry-only form, in the denominations of \$5,000 or integral multiples thereof, as may be determined by such successful bidder(s). Initial purchasers of the Notes will not receive certificates representing their ownership interest in the Notes. Payment of the principal of and interest on the Notes will be made by the District to DTC, which will in turn remit such principal and interest to its Participants, for subsequent distribution to the Beneficial Owners of the Notes. See "DESCRIPTION OF THE NOTES - Book-Entry-Only System" herein.

The Notes are offered when, as and if issued and received by the purchaser(s) and subject to the receipt of the legal opinion as to the validity of the Notes of Hodgson Russ LLP, of Buffalo, New York, Bond Counsel, and certain other conditions. It is anticipated that the Notes will be available for delivery in Jersey City, New Jersey (through the facilities of DTC) or at such other place as may be agreed with the purchaser(s) on or about September 1, 2026.

THE CITY SCHOOL DISTRICT OF THE CITY OF DUNKIRK

CHAUTAUQUA COUNTY, NEW YORK

(the “District” or the “School District”)

\$12,000,000

Bond Anticipation Notes, 2026A

(the “Notes”)

This Official Statement, which includes the cover page, has been prepared by The City School District of the City of Dunkirk, Chautauqua County, New York (the “District” or the “School District”, “County” and “State,” respectively) in connection with the sale by the District of its \$12,000,000 Bond Anticipation Notes, 2026A (the “Notes”).

The factors affecting the District’s financial condition and the Notes are described throughout this Official Statement. Inasmuch as many of these factors, including economic and demographic factors, are complex and may influence the District’s tax base, revenues, and expenditures, this Official Statement should be read in its entirety, and no one factor should be considered more or less important than any other by reason of its relative position in this Official Statement.

All quotations from and summaries and explanations of provisions of the Constitution and Laws of the State and acts and proceedings of the District contained herein do not purport to be complete and are qualified in their entirety by reference to the official compilations thereof, and all references to the Notes and the proceedings of the District relating thereto are qualified in their entirety by reference to the definitive form of the Notes and such proceedings.

Statements in this Official Statement, and the documents included by specific reference, that are not historical facts are forward-looking statements, which are based on the District’s management’s beliefs as well as assumptions made by, and information currently available to, the District’s management and staff.

DESCRIPTION OF THE NOTES

The Notes are dated September 1, 2026 and mature, without option of prior redemption, on June 30, 2027. Interest will be calculated on a 30-day month and 360-day year basis, payable at maturity.

The Notes are general obligations of the District and will contain a pledge of its faith and credit of the District for payment of the principal of and interest on the Notes, as required by the Constitution and laws of the State of New York (State Constitution, Art. VIII, Section 2; Local Finance Law, Section 100.00). Unless paid for from other sources, all the taxable real property within the District is subject to the levy of *ad valorem* taxes to pay the Notes and interest thereon, sufficient to pay such principal and interest as the same become due without limitation as to rate or amount, subject to certain statutory limitations imposed by Chapter 97 of the 2011 Laws of New York. See “TAX LEVY LIMITATION LAW,” herein.

The Notes will be issued in registered form. At the option of the purchaser(s), the Notes may be registered in the name of the purchaser(s), with principal of and interest on the Notes being payable in Federal Funds at such bank or trust company located and authorized to do business in the State of New York as may be selected by the successful bidder(s). In such case, the Notes will be issued in registered form in denominations of \$5,000 or integral multiples thereof, as may be determined by such successful bidder(s). Alternatively, the Notes may be registered in the name of Cede & Co., as nominee of the Depository Trust Company (“DTC” or the “securities depository”), with DTC acting as securities depository for the Notes. See “Book-Entry-Only System,” herein. Under the DTC scenario, one fully registered note certificate will be issued for all Notes bearing the same rate of interest and CUSIP number, each in the aggregate principal amount of such issue, and purchasers will not receive certificates representing their interest in the Notes. Principal and interest will be paid in lawful money of the United States of America (federal funds) by the District directly to DTC for its nominee, Cede & Co.

The financial condition of the District as well as the market for the Notes could be affected a variety of factors, some of which are beyond the control of the District. See “MARKET AND RISK FACTORS” herein.

Purposes and Authorizations

The Notes are being issued pursuant to the Constitution and Laws of the State of New York, including, among others, the Education Law and the Local Finance Law, and pursuant to three bond resolutions that were each duly adopted by the Board of Education (the “Board”) of the School District on March 20, 2024, following positive votes on three propositions at a special meeting of the qualified voters of the District that was held on May 21, 2024, authorizing the issuance of up to \$73,658,896 of serial bonds to finance a portion of the District’s \$83,725,000 Three-Part "Capital Improvements Project, 2024" consisting of: (A) the reconstruction and renovation of, and the construction of improvements, additions and upgrades to various District buildings and facilities (and the sites thereof); (B) construction of and improvements and upgrades to various District athletic facilities; and (C) air conditioning of various District buildings (collectively, the "Project"). The Notes will provide new money financing for the first (A; \$7,200,000 of this issue) and third (C; \$4,800,000 of this issue) components of the Project utilizing authorization exclusively under each respective bond resolution.

Book-Entry-Only System

The following is relevant only if the Notes are issued in book-entry form. DTC will act as securities depository for the Notes, if so requested. The Notes will be issued as fully-registered Notes registered in the name of Cede & Co. (DTC’s partnership nominee) or such other name as may be requested by an authorized representative of DTC, only if requested by the purchaser prior to the initial issuance of Notes. One fully-registered note certificate will be issued for each of the notes bearing the same rate of interest and CUSIP number and will be deposited with DTC.

DTC, the world’s largest depository, is a limited-purpose trust company organized under the New York Banking Law, a “banking organization” within the meaning of the New York Banking Law, a member of the Federal Reserve System, a “clearing corporation” within the meaning of the New York Uniform Commercial Code, and a “clearing agency” registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments from over 100 countries that DTC’s participants (“Direct Participants”) deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants’ accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation (“DTCC”). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly (“Indirect Participants”). The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com and www.dtc.org.

Purchases of Notes under the DTC system must be made by or through Direct Participants, which will receive a credit for the Notes on DTC’s records. The ownership interest of each actual purchaser of each Note (“Beneficial Owner”) is in turn to be recorded on the Direct and Indirect Participants’ records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Notes are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in Notes, except in the event that use of the book-entry system for the Notes is discontinued.

To facilitate subsequent transfers, all Notes deposited by Direct Participants with DTC are registered in the name of DTC’s partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of Notes with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not affect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Notes; DTC’s records reflect only the identity of the Direct Participants to whose accounts such Notes are credited, who may or may not be the

Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of Notes may wish to take certain steps to augment the transmission of them of notices of significant events with respect to the Notes, such as redemptions, tenders, defaults, and proposed amendments to the Notes documents. For example, Beneficial Owners of Notes may wish to ascertain that the nominee holding the Notes for their benefit has agreed to obtain and transmit notices to Beneficial Owners. In the alternative, Beneficial Owners may wish to provide their names and addresses to the registrar and request that copies of notices be provided directly to them.

Redemption proceeds, distributions and dividend payments on the Notes will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from the District, on payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC nor its nominee or the District, subject to any statutory or regulatory requirements as may be in effect from time to time.

Payment of redemption proceeds, distributions, and dividend payments to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the District, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as depository with respect to the Notes at any time by giving reasonable notice to the District. Under such circumstances, in the event that a successor depository is not obtained, note certificates are required to be printed and delivered.

The District may decide to discontinue use of the system of book-entry-only transfers through DTC (or a successor securities depository). In that event, note certificates will be printed and delivered to DTC.

The information in this section concerning DTC and DTC's book-entry system has been obtained from sources that the District believes to be reliable, but the District takes no responsibility for the accuracy thereof.

Source: The Depository Trust Company

THE DISTRICT CANNOT AND DOES NOT GIVE ANY ASSURANCES THAT DTC, DIRECT PARTICIPANTS OR INDIRECT PARTICIPANTS OF DTC WILL DISTRIBUTE TO THE BENEFICIAL OWNERS OF THE NOTES (1) PAYMENTS OF PRINCIPAL OF OR INTEREST OR REDEMPTION PREMIUM ON THE NOTES; (2) CONFIRMATIONS OF THEIR OWNERSHIP INTERESTS IN THE NOTES; OR (3) OTHER NOTICES SENT TO DTC OR CEDE & CO., ITS PARTNERSHIP NOMINEE, AS THE REGISTERED OWNER OF THE NOTES, OR THAT THEY WILL DO SO ON A TIMELY BASIS, OR THAT DTC, DIRECT PARTICIPANTS OR INDIRECT PARTICIPANTS WILL SERVE AND ACT IN THE MANNER DESCRIBED IN THIS OFFICIAL STATEMENT.

THE DISTRICT WILL NOT HAVE ANY RESPONSIBILITY OR OBLIGATIONS TO DTC, THE DIRECT PARTICIPANTS, THE INDIRECT PARTICIPANTS OF DTC OR THE BENEFICIAL OWNERS WITH RESPECT TO (1) THE ACCURACY OF ANY RECORDS MAINTAINED BY DTC OR ANY DIRECT PARTICIPANTS OR INDIRECT PARTICIPANTS OF DTC; (2) THE PAYMENT BY DTC OR ANY DIRECT PARTICIPANTS OR INDIRECT PARTICIPANTS OF DTC OF ANY AMOUNT DUE TO ANY BENEFICIAL OWNER IN RESPECT OF THE PRINCIPAL AMOUNT OF OR INTEREST OR REDEMPTION PREMIUM ON THE NOTES; (3) THE DELIVERY BY DTC OR ANY DIRECT PARTICIPANTS OR INDIRECT PARTICIPANTS OF DTC OF ANY NOTICE TO ANY BENEFICIAL OWNER; OR (4) ANY CONSENT GIVEN OR OTHER ACTION TAKEN BY DTC AS THE REGISTERED HOLDER OF THE NOTES.

THE INFORMATION CONTAINED HEREIN CONCERNING DTC AND ITS BOOK-ENTRY SYSTEM HAS BEEN OBTAINED FROM DTC AND THE DISTRICT MAKES NO REPRESENTATION AS TO THE COMPLETENESS OR THE ACCURACY OF SUCH INFORMATION OR AS TO THE ABSENCE OF MATERIAL ADVERSE CHANGES IN SUCH INFORMATION SUBSEQUENT TO THE DATE HEREOF.

Certificated Notes

At the option of the purchaser(s), the Notes may be registered in the name of the purchaser(s). In such event, principal of and interest on the Notes will be in federal funds at such bank or trust company located and authorized to do business in the State as may be selected by the successful bidder(s). In such case, the Notes will be issued in registered form in denominations of \$5,000 or integral multiples thereof, as may be determined by such bidder(s).

Security and Source of Payment

Each Note, when duly issued and paid for, will constitute a contract between the District and the holder thereof.

The Notes are general obligation of the District will contain a pledge of the faith and credit of the District for the payment of the principal of and interest thereon. For the payment of such principal and interest, the District has the power and statutory authorization to levy *ad valorem* taxes on all of the taxable real property in the District without limitation as to rate or amount, subject to certain statutory limitation imposed by Chapter 97 of the 2011 Laws of New York. See "TAX LEVY LIMITATION LAW," herein.

Under the State Constitution, the District is required to pledge its faith and credit for the payment of principal of and interest on the Notes and the State is specifically precluded from restricting the power of the District to levy taxes on real property therefor. See the discussion under "TAX LEVY LIMITATION LAW," herein.

Remedies of Noteholders on Default

Section 99-b of the State Finance Law ("SFL") provides for a covenant between the State and the purchasers and the holders and owners from time to time of the notes and bonds issued by the school districts in the State for the school purposes provides that it will not repeal, revoke or rescind the provisions of Section 99-b of SFL, or amend or modify the same so as to limit, impair or impede the rights and remedies granted thereby.

Such Section provides that in the event a holder or owner of any bond issued by a school district for school purposes shall file with the State Comptroller a verified statement describing such bond and alleging default in the payment thereof or the interest thereon or both, it shall be the duty of the State Comptroller to immediately investigate the circumstances of the alleged default and prepare and file in his office a certificate setting forth his determinations with respect thereto and to serve a copy thereof by registered mail upon the chief fiscal officer of the school district which issued the bond. Such investigation by the State Comptroller shall cover the current status with respect to the payment of principal of and interest on all outstanding bonds of such school district issued for school purposes and the statement prepared and filed by the State Comptroller shall set forth a description of all such bonds of the school district found to be in default and the amount of principal and interest thereon past due.

Upon the filing of such a certificate in the office of the State Comptroller, he shall thereafter deduct and withhold from the next succeeding allotment, apportionment or payment of such State aid or assistance due to such school district such amount thereof as may be required to pay (a) the school district's contribution to the State teachers retirement system, and (b) the principal of and interest on such bonds of such school district then in default. In the event such State aid or assistance initially so withheld shall be insufficient to pay said amounts in full, the State Comptroller shall similarly deduct and withhold from each succeeding allotment, apportionment or payment of such State aid or assistance due such school district such amount or amounts thereof as may be required to cure such default. Allotments, apportionments and payments of such State aid so deducted or withheld by the State Comptroller for the payment of principal and interest on bonds shall be forwarded promptly to the paying agent or agents for the bonds in default of such school district for the sole purpose of the payment of

defaulted principal of and interest on such bonds. If any of such successive allotments, apportionments or payments of such State Aid so deducted or withheld shall be less than the amount of all principal and interest on the bonds in default with respect to which the same was so deducted or withheld, the State Comptroller shall promptly forward to each paying agent an amount in the proportion that the amount of such bonds in default payable to such paying agent bears to the total amount of the principal and interest then in default on such bonds of such school district. The State Comptroller shall promptly notify the chief fiscal officer of such school district of any payment or payments made to any paying agent or agents of defaulted bonds pursuant to such section of the SFL.

Under current law, provision is made for contract creditors (including holders of the Notes) of the District to enforce payments upon such contracts, if necessary, through court action, although the present statute limits interest on the amount adjudged due to creditors to nine per centum per annum from the date due to the date of payment. As a general rule, property and funds of a municipal corporation serving the public welfare and interest have not been judicially subjected to execution or attachment to satisfy a judgement, although judicia mandates have been issued to officials to appropriate and pay judgements out of current funds or the proceeds of a tax levy.

In recent times, certain events and legislation affecting remedies on default have resulted in litigation. While courts of final jurisdiction have upheld and sustained the rights of noteholders, such courts might hold that future events including financial crises as they may occur in the State and in municipalities of the State require exercise by the State of its emergency police power to assure the continuation of essential public service.

Special Provisions Affecting Remedies Upon Default

Section 3-a of the General Municipal Law provides, subject to exceptions not pertinent, that the rate of interest to be paid by the District upon any judgement or accrued claim against it shall not exceed nine per centum per annum. This provision might be construed to have application to the holders of the Notes in the event of a default in the payment of the principal of and interest on the Notes.

In accordance with a general rule with respect to municipalities, judgements against the District may not be enforced to levy and execution against property owned by the District.

The federal Bankruptcy Code allows public bodies, such as the District, recourse to the protection of a Federal Court for the purpose of adjusting outstanding indebtedness. Section 85.80 of the Local Finance Law contains specific authorization or any municipality in the State or its emergency control board to file a petition under any provision of federal bankruptcy law for the composition or adjustment of municipal indebtedness. While this Local Finance Law provision does not apply to school districts, there can be no assurance that it will not be made so applicable in the future.

Under the Bankruptcy Code, a petition may be filed in federal bankruptcy court by a municipality which is insolvent or unable to meet its debts as they mature. Generally, the filing of such a petition operates as a stay of any proceeding to enforce a claim against the municipality. The Bankruptcy Code also requires the municipality to file a plan for the adjustment of its debts, which may modify or alter the rights of creditors and would authorize the federal bankruptcy court to permit the municipality to issue certificates of indebtedness, which could have priority over existing creditors, and which could be secured. Any plan of adjustment confirmed by the court must be approved by the requisite majority of creditors. If confirmed by the bankruptcy court, the plan would be binding upon all creditors affected by it. The District has legal capacity to file a petition under the Bankruptcy Code.

It might be asserted that under the Bankruptcy Code interest and principal debt service payments made by the District within 90 days of the District filing a bankruptcy petition were voidable preferences. In the event these assertions were made and sustained by the bankruptcy court, the recipients of those preferential payments could be required to refund them, and their claims would then be treated as if the preferential payments had not been made.

At the Extraordinary Session of the State Legislature held in November 1975, legislation was enacted which purported to suspend the right to commence or continue an action in any court to collect or enforce certain short-term obligations of the City of New York. The effect of such act was to create a three-year moratorium on action to enforce the payment of such obligations. On November 19, 1976, the Court of Appeals, the State's highest court, declared such act to be invalid on the

ground that it violated the provisions of the State Constitution requiring a pledge by such city of its faith and credit for the payment of such obligations.

As a result of the Court of Appeals decision, the constitutionality of that portion of Title 6-A of the Local Finance Law enacted at the 1975 Extraordinary Session of the State Legislature, authoring any county, town or village with respect to which the State has declared a financial emergency to petition the State Supreme Court to stay the enforcement against such municipality of any claim for payment relating to any contract, debt or obligation of the municipality during the emergency period, is subject to doubt. In any event, no such emergency has ever been declared with respect to the District.

No principal or interest payment on District indebtedness is past due. The District has never defaulted in the payment of principal or interest of any indebtedness.

THE DISTRICT

General Information

The District comprises an area of approximately 15 square miles and is located in the northwestern portion of the County, on Lake Erie, about 45 miles from the City of Buffalo. It encompasses the entire City of Dunkirk, as well as almost the entire Town of Dunkirk, and a minor portion of the Town of Sheridan. The District is fiscally and administratively independent of the City of Dunkirk. The District has a diversified economy, centered primarily in the commercial and industrial operations in the City of Dunkirk. Residential development consists primarily of single family homes, with some apartment complexes. Residents find employment in the District, or commute to other locales such as the Cities of Buffalo and Jamestown or the State University of New York at Fredonia. Rail transportation is provided by Conrail. Major highways include the State Thruway and Routes 5 and 20.

There is a coal-fired electrical generating plant in the District that is owned by NRG Dunkirk Power LLC (“NRG Dunkirk” and, collectively with its affiliates, “NRG”). NRG Dunkirk and the Chautauqua County Industrial Development Agency executed a PILOT agreement on April 25, 2008 removing the plant property from the taxable rolls for a period of 20 years and obligating the company to make a corresponding series of payments in lieu of taxes (or “PILOT” payments). While an agreement reached in late 2013 would have had the plant’s coal-fired generators converted to natural gas, such agreement was put on hold following a challenge in court and NRG Dunkirk mothballed the plant in January of 2016. See “Economic Developments” herein.

District Population

The 2024 population of the School District is estimated to be 13,835. (Source: 2024 U.S. Census Bureau estimate)

Selected Wealth and Income Indicators

Per capita income statistics are not available for the District as such. The smallest areas for which such statistics are available, which include the District are the City, Towns and County listed below. The Figures set below with respect to such City, Towns, County and State are included for information only. It should not be inferred from the inclusion of such data in this Official Statement that the City, Towns, County or State are necessarily representative of the District, or vice versa.

Economic Developments

The closure and mothballing of the NRG plant in 2015 had a significant impact on the city of Dunkirk and surrounding area. There is a detailed history of that development below. However, in recent years there has been some promising and positive economic developments in Dunkirk.

The District is now receiving PILOT payments from Americold Estate LP. Construction of a 181,000 sf temperature-controlled facility for Americold in Dunkirk, NY. The building sits on a 20-acre site that required wetland delineation and features a two-story office/support space area and a 136,000 sf -20F freezer with 50 ft clear height. The project was designed to be capable of adding a rail dock at the rear of the building. Additionally, the facility boasts a 480,000 gallon fire protection water storage tank and associated diesel fire pump. This fast-tracked project was designed to accommodate a future rail dock and included a -20°F section with processing in the dock area. Harsh winter weather and deep snow added to the construction challenges. The LEED Silver certification was achieved with the help of Power Cold+Food Group and ALTA Refrigeration, who collaborated on the energy-efficient design. Unique features also included wetland delineation and a design shift that relocated the pump house into the main building for efficiency and environmental compliance. The cost of the project, completed in 2024, was \$41,373,000.

Wells Enterprises is the largest privately owned ice cream manufacturer in the United States. It is an independent operating company of the Ferrero Group, which acquired Wells in late 2022. The company produces well-known brands like Blue Bunny, Halo Top, and Bomb Pop. Wells Enterprises is undertaking a significant, ongoing expansion of its Dunkirk, NY, ice cream manufacturing facility, investing \$425 million to more than double its current footprint to approximately 350,000 square feet and quadruple production capacity. The project includes new production lines, an in-house chocolate ingredient manufacturing facility, and a focus on improving the workplace environment. The expansion is projected to create

270 new jobs, retain 380 existing jobs, and significantly boost the local economy. The project involves collaboration with state and local partners, including the Chautauqua County Industrial Development Agency. New York State is supporting the expansion with up to \$12 million in Excelsior Jobs Program tax credits and a \$6 million grant from Empire State Development. Construction is underway with first output expected by October 2025.

On February 11, 2016, former Governor Cuomo announced a proposal to spend \$200 million to build a high-tech manufacturing facility in the Town of Dunkirk, which would be used by Athenex, a Buffalo-based company dedicated to the development, commercialization and manufacture of specialty cancer drugs. While the new facility is not located in the City limits, it is located in the Town of Dunkirk and it was projected to bring more than 400 new jobs to the Dunkirk area, many of which have been described as requiring advanced degrees and involving higher salaries. The facility has been completed, however Athenex suffered a setback with regards to FDA approval of its product. While Athenex continues to work with the FDA to gain approval, this setback has delayed the production schedule and in February of 2022 Athenex leased the facility to Immunity Bio.

ImmunityBio is a clinical-stage immunotherapy company developing next-generation therapies that drive immunogenic mechanisms for defeating cancers and infectious diseases. The company's broad immunotherapy and cell therapy platforms—including Antibody cytokine fusion proteins, synthetic immunomodulators, vaccine technologies (hAd5 viral vector, mRNA, recombinant protein, and adjuvant), and genetically-modified, off-the-shelf natural killer cells (autologous and allogenic cytokine-enhanced memory NK cells)—activate both the innate (natural killer cell and macrophage) and adaptive (T cell) immune systems to create long-term "immunological memory."

ImmunityBio's clinical pipeline consists of 21 clinical trials—13 of which are in Phase II or III development—across 12 indications in solid and liquid cancers (including bladder, pancreatic, and lung cancers) and infectious diseases (including SARS-CoV-2 and HIV). Anktiva™, ImmunityBio's lead cytokine fusion protein, is a novel interleukin-15 (IL-15) superagonist complex and has received Breakthrough Therapy and Fast Track Designations from the U.S. Food and Drug Administration (FDA) for BCG-unresponsive CIS non-muscle invasive bladder cancer (NMIBC).

The company has established GMP manufacturing capacity at scale with cutting-edge cell manufacturing expertise and ready-to-scale facilities, as well as extensive and seasoned R&D, clinical trial, and regulatory operations, and development teams.

February 2022 - ImmunityBio, Inc. (NASDAQ: IBRX), a clinical-stage immunotherapy company, ("ImmunityBio"), announced the successful completion of its acquisition of the leasehold interest in an ISO Class 5 pharmaceutical manufacturing space in western New York from global pharmaceutical company Athenex, Inc. (NASDAQ: ATNX).

The new state-of-the-art biotech production facility, located in Dunkirk, New York (Chautauqua County), includes clean rooms for upstream and downstream manufacturing activities, as well as fill and finish and large-scale lyophilization capabilities. The full-scale facility enables ImmunityBio to substantially expand and diversify its existing manufacturing capacity in the U.S. and through its strategic collaborators in Africa.

"We are thrilled to add the Dunkirk manufacturing facility and the talented team running it to our organization," said Richard Adcock, President and CEO of ImmunityBio. "This facility provides production capacity at a significant scale here in the U.S. and at significantly lower capital cost than building a facility like this from the ground up. It is an important component of our overall strategic growth plan, accelerating our ability to develop, prove, and bring to market our most promising products and therapies in competitive and regulated markets."

In 2016, Fieldbrook Foods, Inc. expanded its private label ice cream manufacturing facility creating 61 full-time jobs and retaining 586 full-time positions.

Dunkirk Specialty Steel LLC, a manufacturer of semi-finished and finished specialty steel products, invested \$10 million in upgrades to its facility and equipment in early 2019, making this unit finishing cell the most advanced in the United States.

Up until 2015, one of the largest taxpayers in the District was a coal-fired power plant owned by NRG. Such plant has been mothballed since December of 2015 and there are no plans for the plant to reopen; however, the District did receive mitigation aid from the State to offset some of the losses for several years. A more complete history follows in the next several paragraphs.

On December 15, 2013, former Governor Andrew Cuomo announced that an agreement had been reached on December 11, 2013 with NRG, other energy suppliers and the New York Power Authority (“NYPA”) for NRG to invest \$150 million to upgrade and convert its coal-fired power plant in the District, to burn natural gas. Under this agreement, NYPA would also have provided \$15 million to the project to add to the reliability and stability of the entire power system. NRG would have refueled three coal units at the facility, expanding the plant’s capacity from 75 megawatts of production to 435 megawatts, which would have helped relieve transmission bottlenecks in the region and reduced electricity supply cost to consumers. The agreement would have preserved approximately 70 jobs, would have provided for 50 additional jobs during construction, and would have restored tax payments to local governments to their previous level of approximately \$8 million annually.

In 2014, the Sierra Club and a community group known as Ratepayer and Community Intervenor filed suit in State Supreme Court challenging the 2013 agreement on grounds of incomplete environmental review and “unjust and unreasonable” rate increases. This suit did not play a significant role in delaying or changing the scope of the conversion of the power plant to natural gas.

However, in February of 2015, Entergy, the owner of two nuclear power plants in New York State, filed suit in federal district court to void the 2013 agreement. While NRG Dunkirk had intervened in support of the Public Service Commission to vigorously defend the agreement, repowering was suspended pending a ruling in this suit, and NRG Dunkirk ceased operations and mothballed the plant in January of 2016.

After NRG announced its plans to mothball the plant, the State Public Service Commission requested a study by the New York Independent System Operator (“NYISO”) to determine whether system reliability would be affected by a plant shutdown. NYISO has since released its findings, and the report suggested that the plant could be shut down without affecting energy reliability to the region’s businesses, homes and other customers.

The District received its 2015-16 PILOT payment, however on February 8, 2016, NRG released a letter of intent to cut its 2016-2017 PILOT agreement payment by 85% to the District, the City of Dunkirk, and Chautauqua County, resulting in an approximate \$7 million combined decline in PILOT payments in 2017. The District’s share of the 2016-17 PILOT loss was \$3,472,803.

In lieu of the revenue losses that arose from the plant mothballing its boilers and NRG being unable to pay all or part of its anticipated PILOT payments caused, State legislation established the Electric Generation Cessation Mitigation Fund, administered by Empire State Development (“ESD”). The State’s enacted 2016-17 budget appropriated \$30 million in State aid to assist municipalities that would see a reduction in their collection of real property taxes or PILOT payments of at least 20% of the taxes owed by the electric generating facility, payable over a period of up to five years with aid declining to 0% over the five years. The District received \$2,711,258 from such fund in 2016-17. The 2017-18 enacted State budget included \$45 million for the mitigation fund and extended the term to seven years. The District received \$2,659,958 in its 2017-18 fiscal year. The 2018-19 enacted state budget included \$69 million for the mitigation fund. The 2018-19 enacted state budget included \$69 million for the mitigation fund. The District received \$2,279,964 of such aid in its 2018-19 fiscal year, \$1,900,069 in its 2019-20 fiscal year. and \$1,519,976.10 in its 2020-21 fiscal year.

In November 2016, the Entergy lawsuit was dropped, allowing the potential for the plant to re-power. The repowering had the backing of former Governor Cuomo, the area’s State Senator, Assemblyman and Congressman, and County Executive. In February 2017, the Chautauqua County IDA approved a revised PILOT agreement with NRG, which included an annual \$420,000 payment to be divided between the District, the City and the County. The first payment was made in the District’s 2017-18 fiscal year. This annual payment would continue until the conversion of the plant is completed, or the District’s 2022-23 fiscal year. At that time, payments would increase until the original PILOT schedule would be maintained. The District’s share is \$205,597.

However, in July 2018, NRG discovered that interconnection processes necessary to bring the plant into operation would require transmission upgrades in both New York and Pennsylvania at an estimated combined cost of over \$100 million, a substantial increase over the original estimate of \$15 million. Additionally, the company learned transmission upgrades could result in the plant not being able to deliver power until as late as 2024. Given the financial uncertainty and the delay in the schedule, NRG rendered the project unworkable and dropped the plans to repower the plant using natural gas. The District has been receiving its \$205,597 annual payment under the revised PILOT; however it is uncertain as to whether the District will receive any payment beyond its 2022-23 fiscal year (since the plant will not be repowered).

In the spring of 2019, it was announced that the City and County IDA were awarded a \$60,000 grant to undertake a feasibility study to investigate opportunities for repurposing the NRG facility. The study will analyze the site attributes, assets, and liabilities; market analysis; reuse strategy alternatives; recommended actions and scheduling. Such study is currently underway, however, recently, it has been reported that the site is being explored as a potential location for the state's first new advanced nuclear power plant in over a decade. Local leaders are pushing for this option, highlighting the existing infrastructure, skilled workforce, and the potential to bring back good-paying jobs and tax revenue lost after the plant's closure.

Employee Pension Benefits

All non-teaching and non-certified administrative employees of the District eligible for pension or retirement benefits under the Retirement and Social Security Law of the State of New York are members of the New York and Local Employees' Retirement System ("ERS"). Teachers and certified administrators are members of the New York State Teachers' Retirement System ("TRS"). Payments to TRS are deducted from the School District's State aid payments. Both the ERS and the TRS (together, the "Retirement Systems") are non-contributory with respect to members hired prior to July 27, 1976. Other than those in Tier V and Tier VI, all members hired on or after July 27, 1976 with less than 10 years of service must contribute 3% of their gross annual salary toward the cost of retirement programs.

On December 10, 2009, pension reform legislation was signed into law that created a new Tier V pension level. Key components of Tier V include:

- Raising the minimum age at which most civilians can retire without penalty from 55 to 62 and imposing a penalty of up to 38% for any civilian who retires prior to age 62.
- Requiring ERS employees to continue contributing 3% of their salaries toward pension costs so long as they accumulate additional pension credits.
- Increasing the minimum years of service required to draw a pension from 5 years to 10 years.
- Capping the amount of overtime that can be considered in the calculation of pension benefits for civilians at \$15,000 per year, and for police and firefighters at 15% of non-overtime wages.

Members of the TRS have a separate Tier V benefit structure that will achieve equivalent savings as other civilian public employees. It includes:

- Raising the minimum age an individual can retire without penalty from 55 to 57 years.
- Contributing 3.5% of their annual wages to pension costs rather than 3% and continuing this increased contribution so long as they accumulate additional pension credits.
- Increasing the 2% multiplier threshold for final pension calculations from 20 to 25 years.

In accordance with constitutional requirements, Tier V applies only to public employees hired after December 31, 2009 and before April 2, 2012.

On March 16, 2012, the new Tier VI pension program was signed into law, effective for new ERS and TRS employees hired after April 1, 2012. The Tier VI legislation provides for increased employee contribution rates of between 3% and 6% and contributions at such rates continue so long as such employee continues to accumulate pension credits, an increase in the retirement age from 62 years to 63 years, a readjustment of the pension multiplier, and a change in the time period for the final average salary calculation from 3 years to 5 years. Tier VI employees would vest in the system after ten years of employment; and employees will continue to make employee contribution throughout employment. As of April 9, 2022, vesting requirements were modified, resulting in employees becoming vested after five years.

The State's Enacted 2026-27 Budget made a number of changes to the Tier VI pension program:

Lowered Retirement Age: The full-benefit retirement age is reduced from 63 to 58 for members with 30 years of service, allowing educators to retire without pension penalties earlier.

Reduced Contribution Rates: Member pension contribution percentages are adjusted into tiered salary brackets:

- \$75,000 or less: 3%
- Over \$75,000 to \$100,000: 4%
- Over \$100,000 to \$125,000: 5.25%
- Over \$125,000: 5.75%

Overtime Cap Increase: For eligible members, the maximum amount of overtime used to calculate final average salary benefits has been increased to \$30,000 plus CPI (up from the previous \$22,500 cap).

The District is required to contribute at an actuarially determined rate. The actual contribution for the last five years and the budgeted figures for the 2025-26 and 2026-27 fiscal years are as follows:

<u>Fiscal Year</u>	<u>ERS</u>	<u>TRS</u>
2020-2021	\$548,318	\$1,516,440
2021-2022	456,451	1,758,347
2022-2023	414,908	1,957,152
2023-2024	462,135	1,851,155
2024-2025	516,539	1,810,840
2025-2026 (Budgeted)	880,000	2,853,000
2026-2027 (Budgeted)	920,000	2,541,541

Source: Audited financial statements for the 2020-2021 fiscal year through the 2024-2025 fiscal year and the adopted budgets of the District for the 2025-2026 and 2026-2027 fiscal years. This table is not audited.

Retirement Incentive Program – Pursuant to various laws enacted between 1991 and 2002, the State Legislature authorized local governments to make available certain early retirement incentive programs to its employees. The District currently has an early incentive program with the Dunkirk Administrators Association (DAA), Dunkirk Teachers Association (DTA) and CSEA.

Historical Trends and Contribution Rates – Historically there has been a State mandate requiring full (100%) funding of the annual actuarially required local governmental contribution out of current budgetary appropriations. With the strong performance of the Retirement System in the 1990s, the locally required annual contribution declined to zero. However, with the subsequent decline in the equity markets, the pension system became underfunded. As a result, required contributions increased substantially to 15% to 20% of payroll for the employees' and the police and fire retirement systems, respectively. Wide swings in the contribution rate resulted in budgetary planning problems for many participating local governments

A chart of average ERS and TRS rates as a percent of payroll (2021-22 to 2026-27) is shown below:

<u>Fiscal Year</u>	<u>ERS</u>	<u>TRS</u>
2021-2022	16.2%	9.80%
2022-2023	11.6	10.29
2023-2024	13.1	9.76
2024-2025	15.2	10.11
2025-2026	16.5	9.59
2026-2027	17.6	8.24*

*Estimated.

In 2003, Chapter 49 of the Laws of 2003 amended the Retirement and Social Security Law and the Local Finance Law. The amendments empowered the State Comptroller to implement a comprehensive structural reform program for ERS. The reform program established a minimum contribution for any local governmental employer equal to 4.5% of pensionable salaries for bills which were due December 15, 2003, and for all fiscal years thereafter, as a minimum annual contribution where the actual rate would otherwise be 4.5% or less due to the investment performance of the fund. In addition, the reform program instituted a billing system to match the budget cycle of municipalities and school districts that will advise such employers over one year in advance concerning actual pension contribution rates for the next annual billing cycle. Under the previous method, the requisite ERS contributions for a fiscal year could not be determined until after the local budget adoption process was complete. Under the new system, a contribution for a given fiscal year is based on the valuation of the pension fund on the prior April 1 of the calendar year preceding the contribution due date instead of the following April 1 in the year of contribution so that the exact amount may now be included in a budget.

Chapter 57 of the Laws of 2010 (Part TT) amended the Retirement and Social Security Law to authorize participating employers, if they so elect, to amortize an eligible portion of their annual required contributions to ERS when employer contribution rates rise above certain levels. The option to amortize the eligible portion began with the annual contribution due February 1, 2011. The amortizable portion of an annual required contribution is based on a “graded” rate by the State Comptroller in accordance with formulas provided in Chapter 57. Amortized contributions are to be paid in equal annual installments over a ten-year period; but may be prepaid at any time. Interest is to be charged on the unpaid amortized portion at a rate to be determined by State Comptroller, which approximates a market rate of return on taxable fixed rate securities of a comparable duration issued by comparable issuers. The interest rate is established annually for that year’s amortized amount and then applies to the entire ten years of the amortization cycle of that amount. When in any fiscal year, the participating employer’s graded payment eliminates all balances owed on prior amortized amounts, any remaining graded payments are to be paid into an employer contribution reserve fund established by the State Comptroller for the employer, to the extent that amortizing employer has no currently unpaid prior amortized amounts, for future such use.

The District is not amortizing any pension payments, nor does it intend to do so in the foreseeable future.

Stable Rate Pension Contribution Option - The 2013-14 State Budget included a provision that provides local governments and school districts, including the District, with the option to “lock-in” long-term, stable rate pension contributions for a period of years determined by the State Comptroller and ERS and TRS. The stable rates would be 12% for ERS and 12.5% for TRS. The pension contribution rates under this program would reduce near-term payments for employers; but will require higher than normal contributions in later years.

The District did not participate in the Stable Rate Pension Contribution Option, nor does it intend to do so in the foreseeable future.

The State’s 2019-2020 Enacted Budget will allow school districts in the State to establish a reserve fund for the purpose of funding/offsetting the cost of TRS contributions. School districts may pay into such fund, during any particular fiscal year, an amount not to exceed two percent of the total compensation or salaries of all district employed teachers who are members of the TRS paid during the immediately preceding fiscal year; provided that the balance of such fund may not exceed ten percent of the total compensation or salaries of all district-employed teachers who are members of the TRS paid during the immediately preceding fiscal year. As of the date of this Official Statement, the District has established this fund. As of the 2024-25 fiscal year there is currently \$850,044 in said fund.

The investment of monies, and assumptions underlying same, of the Retirement Systems covering the District’s employees is not subject to the direction of the District. Thus, it is not possible to predict, control or prepare for future unfunded accrued actuarial liabilities of the Retirement Systems (“UAALs”). The UAAL is the difference between total actuarially accrued liabilities and actuarially calculated assets available for the payment of such benefits. The UAAL is based on assumptions as to retirement age, mortality, projected salary increases attributed to inflation, across-the-board raises and merit raises, increases in retirement benefits, cost-of-living adjustments, valuation of current assets, investment return and other matters. Such UAALs could be substantial in the future, requiring significantly increased contributions from the District which could affect other budgetary matters. Concerned investors should contact the Retirement Systems administrative staff for further information on the latest actuarial valuations of the Retirement Systems.

Other Post-Employment Benefits

The District provides post-retirement healthcare benefits to various categories of former employees. These costs may be expected to rise substantially in the future. School districts and Boards of Cooperative Educational Services, unlike other municipal units of government in the State, have been prohibited from reducing retiree health benefits or increasing health care contributions paid by retirees below the level of benefits or contributions afforded to or required from active employees since the implementation of Chapter 729 of the Laws of 1994. Legislative attempts to provide similar protection to retirees of other local units of government in the State have not succeeded as of this date. Nevertheless, many such retirees of all varieties of municipal units in the State do presently receive such benefits.

OPEB - OPEB refers to "other post-employment benefits," meaning other than pension benefits. OPEB consists primarily of health care benefits, and may include other benefits such as disability benefits and life insurance. Until now, these benefits have generally been administered on a pay-as-you-go basis and have not been reported as a liability on governmental financial statements.

GASB 75 - requires municipalities and school districts to account for OPEB liabilities much like they already account for pension liabilities, generally adopting the actuarial methodologies used for pensions, with adjustments for the different characteristics of OPEB and the fact that most municipalities and school districts have not set aside any funds against this liability. However, GASB 75 also addresses certain circumstances in which a non-employer entity provides financial support for OPEB of employees of another entity and requires: (a) explanations of how and why the OPEB liability changed from year to year (b) amortization and reporting of deferred inflows and outflows due to assumption changes, (c) use of a discount rate that takes into account resources of an OPEB plan and how they will be invested to maximize coverage of the liability (d) a single actual cost method and (e) immediate recognition of OPEB expense and effects of changes to benefit terms.

Under GASB 75, a total OPEB liability is determined for each municipality or school district. A net change in the total OPEB Liability is calculated as the sum of changes for the year including service cost, interest, difference between expected and actual experience, changes in benefit terms, changes in assumptions or other inputs, less the benefit payments made by the School District for the year.

Based on the most recent actuarial valuation dated May 14, 2025 and financial data as of June 30, 2025, the School District's beginning year total OPEB liability was \$4,849,307 the net change for the year was (\$69,026) resulting in a total OPEB liability of \$4,780,281 for a fiscal year ending June 30, 2025. The aforementioned liability is recognized and disclosed in accordance with GASB 75 standards in the School District's June 30, 2025 financial statements.

The total OPEB liability is required to be determined through an actuarial valuation every two years, at a minimum. However, OPEB plans with fewer than 100 members may use an alternative measurement method in place of an actuarial valuation. Additional information about GASB 75 and other accounting rules applicable to municipalities and school districts may be obtained from GASB.

There is no authority in current State law to establish a trust account or reserve fund for this liability. While State Comptroller Thomas P. DiNapoli proposed a bill in April of 2015 that would create an optional investment pool to help local governments fund their OPEB liabilities, such legislation has not advanced past the committee stage.

The School District's total OPEB liability is expected to increase. As is the case with most municipalities, this is being handled by the School District on a "pay-as-you-go" basis. Substantial future increases could have a material adverse impact upon the School District's finances and could force the School District to reduce services, raise taxes or both.

Investment Policy

The Board has adopted an investment policy and such policy conforms to applicable laws of the State governing the deposit and investment of public moneys. All deposits and investments of the District are made in accordance with such policy.

The primary objectives of the District's investment policy are, in priority order, as follows:

- To conform to all applicable federal, State and other legal requirements.
- To adequately safeguard principal.
- To provide sufficient liquidity to meet all operating requirements.
- To obtain a reasonable rate of return on invested funds.

Pursuant to State law, including Sections 10 and 11 of the General Municipal Law (the "GML"), the District is generally permitted to deposit moneys which are not required for immediate expenditure in banks or trust companies located and authorized to do business in the State. All such deposits, including special time deposit accounts and certificates of deposit, in excess of the amount insured under the Federal Deposit Insurance Act, are required to be secured by either a pledge of eligible securities, an eligible surety bond or an eligible letter of credit in accordance with the provisions of and subject to the limitations of Section 10 of the GML.

The District may also temporarily invest moneys in: (1) obligations of the United States of America; (2) obligations guaranteed by agencies of the United States of America where the payment of principal and interest are guaranteed by the United States of America; (3) obligations of the State; (4) with the approval of the State Comptroller, tax anticipation notes or revenue anticipation notes issued by any municipality, school district, or district corporation, other than those notes issued by the District itself; (5) certificates of participation issued in connection with installment purchase agreements entered into by political subdivisions of the State pursuant to Section 109-b(10) of the GML; (6) obligations of a State public benefit corporation which are made lawful investments for municipalities pursuant to the enabling statute of such public benefit corporation; or (7) in the case of moneys held in certain reserve funds established by the District pursuant to law, obligations of the District. All of the foregoing investments are required to be payable or redeemable at the option of the owner within such times as the proceeds will be needed to meet expenditures for purposes for which the moneys were provided and, in the case of obligations purchased with the proceeds of bonds or notes, shall be payable or redeemable in any event, at the option of the owner, within two years of the date of purchase. Unless registered or inscribed in the name of the District, such instruments and investments must be purchased through, delivered to and held in custody of a bank or trust company in the State pursuant to a written custodial agreement as provided by Section 10 of the GML. The District is not presently investing in repurchase agreements.

Collateral is required for demand deposit, money market accounts and certificates of deposit not covered by federal deposit insurance. Obligations that may be pledged as collateral are obligations of the United States and its agencies and obligations of the State and its municipalities and school districts.

Form of School Government

The District is an independent entity governed by an elected Board comprised of seven members. District operations are subject to the provisions of the State Education Law affecting school districts; other statutes applicable to the District include the General Municipal Law, the Public Officers Law, the Local Finance Law and the Real Property Tax Law.

Members of the Board are elected by qualified voters at the annual election of the District (held on the third Tuesday in May). The term of office for each Board member is five years and the number of terms that may be served is unrestricted. A president is selected by the Board from its members. The Board is vested with various powers and duties as set forth in the Education Law. Among these are the adoption of annual budgets (subject to voter approval), the levy of real property taxes for the support of education, the appointment of such employees as may be necessary, and other such duties reasonably required to fulfill the responsibilities provided by law.

The Board appoints the Superintendent of Schools, who serves under a written contract which, by statute, must be of no less than three and no more than five years in duration. The Superintendent is the chief executive officer of the District.

In addition, the Superintendent is typically given the right, by contract, to speak on all matters before the Board but not to vote. It is the responsibility of the Superintendent to enforce all provisions of law and all rules and regulations relating to the management of the school and other educational, social and recreational activities, under the direction of the Board. Certain other administrative and financial duties are performed by the Business Manager, who is appointed by the Board.

Budgetary Procedures

Pursuant to the Education Law, the Board annually prepares a budget for the ensuing fiscal year. A public hearing on such budget is held not less than seven and not more than fourteen days prior to the vote. The Board causes notice of such public hearing to be published four times beginning seven weeks prior to the vote. After the public hearing, but not less than six days prior to the budget vote, the School District must mail a school budget notice to all qualified voters which contains the total budgeted amount, the dollar and percentage increase or decrease in the proposed budget (or contingency budget) as compared to the current budget, the percentage increase or decrease in the consumer price index, the estimated property tax levy, the basic STAR exemption impact and the date, time and place of the budget vote. After the budget hearing and subsequent notice, a referendum upon the question of the adoption of the budget is held on the third Tuesday in May each year. All qualified School District residents are eligible to participate.

Pursuant to Chapter 97 of the Laws of 2011 of the State of New York ("Chapter 97"), beginning with the 2012-13 fiscal year, if the proposed budget requires a tax levy increase that does not exceed the lesser of 2% (plus certain adjustments, if applicable) or the rate of inflation (the "Tax Cap"), then a majority vote is required for approval. If the proposed budget requires a tax levy increase that exceeds the Tax Cap, the budget proposition must include special language and a 60% vote is required for approval. Any separate proposition that would cause the School District to exceed the School District Tax Cap also must receive at least 60% voter approval.

If the proposed budget is not approved by the required margin, the Board may resubmit the original budget or a revised budget to the voters on the third Tuesday in June, or adopt a contingency budget (which would provide for ordinary contingent expenses, including debt service) that levies a tax levy no greater than that of the prior fiscal year (i.e., a 0% increase in the tax levy).

If the resubmitted and/or revised budget is not approved by the required margin, the Board of Education must adopt a budget that requires a tax levy no greater than that of the prior fiscal year (i.e., a 0% increase in the tax levy). For a complete discussion of Chapter 97, see "TAX LEVY LIMITATION LAW" herein.

The budget for the 2024-25 fiscal year was adopted by the qualified voters on May 21, 2024 by a vote of 330 to 172. The School District's 2024-25 Budget remained within the School District Tax Cap imposed by Chapter 97 of the laws of 2011.

The budget for the 2025-26 fiscal year was adopted by the qualified voters on May 20, 2025 by a vote of 159 to 78. The School District's 2025-26 Budget remained within the School District Tax Cap imposed by Chapter 97 of the laws of 2011.

The budget for the 2026-27 fiscal year was adopted by the qualified voters on May 19, 2026 by a vote of 160 to 114. The School District's 2026-27 Budget remained within the School District Tax Cap imposed by Chapter 97 of the laws of 2011.

State Aid

The District receives appropriations from the State. In its adopted budget for the 2025-26 fiscal year, approximately 78.54% of the revenues of the District are estimated to be received in the form of State aid. If the State should not adopt its budget in a timely manner, in any year, municipalities and school districts in the State, including the District, may be affected by a delay in the payment of State aid.

In addition to the amount of State aid budgeted annually by the District, the State makes payments of STAR aid representing tax savings provided by school districts to their taxpayers under the STAR Program.

The State is not constitutionally obligated to maintain or continue State aid to the District. No assurance can be given that present State aid levels will be maintained in the future. State budgetary restrictions which could eliminate or substantially reduce State aid could have a material adverse effect upon the District, requiring either a counterbalancing increase in revenues from other sources to the extent available, or a curtailment of expenditures.

There can be no assurance that the State appropriation for building aid and other State aid to school districts will be continued in future years, either pursuant to existing formulas or in any form whatsoever. State aid, including building aid appropriated and apportioned to the School District, can be paid only if the State has such monies available therefor. The availability of such monies and the timeliness of such payment could be affected by a delay in the adoption of the State budget or their elimination therefrom.

There can be no assurance that the State's financial position will not change materially and adversely from current projections. If this were to occur, the State would be required to take additional gap-closing actions. Such actions may include but are not limited to reductions in State agency operations; delays or reductions in payments to local governments or other recipients of State aid including school districts in the State. Reductions in the payment of State aid could adversely affect the financial condition of school districts in the State.

The amount of State aid to school districts can vary from year to year and is dependent in part upon the financial condition of the State. During the 2011 to 2019 fiscal years of the State, State aid to school districts was paid in a timely manner; however, during the State's 2010 and 2020 fiscal years, State budgetary restrictions resulted in delayed payments of State aid to school districts in the State. In addition, the availability of State aid and the timeliness of payment of State aid to school districts could be affected by a delay in adoption of the State budget, which is due at the start of the State's fiscal year of April 1. Since the 2010-11 State fiscal year, the State budget has been generally adopted on or before April 1, with the exception of the 2016-17 State budget which was not adopted until April 9, 2017, the 2023-24 State budget which was not adopted until May 3, 2023 and the 2024-25 State budget which was not adopted until April 20, 2024. No assurance can be given that the State will not experience delays in the adoption of the budget in future fiscal years. Significant delays in the adoption of the State budget could result in delayed payment of State school districts in the State which could adversely affect the financial condition of school districts in the State.

Should the District fail to receive State aid expected from the State in the amounts and at the times expected, occasioned by a delay in the payment of such monies or by a mid-year reduction in State aid, the District is authorized by the Local Finance Law to provide operating funds by borrowing in anticipation of the receipt of uncollected State aid.

Federal Aid Received by the State

The State receives a substantial amount of federal aid for health care, education, transportation, and other governmental purposes, as well as federal funding to respond to, and recover from, severe weather events and other disasters. Many of the policies that drive this federal aid may be subject to change under the federal administration and Congress. Current federal aid projections, and the assumptions on which they rely, are subject to revision in the future as a result of changes in federal policy, the general condition of the global and national economies and other circumstances.

President Trump signed an executive order that directs the Secretary of Education to take all necessary steps to facilitate the closure of the U.S. Department of Education. The executive order aims to minimize the federal role in education but stops short of completely closing the Department as this would require 60 votes in the U.S. Senate. President Trump also indicated his preference that critical functions, like distributing Individuals with Disabilities Education Act funding, would be the responsibility of other federal agencies. The impact that the executive order will have on the State and school districts in the State is unknown at this time.

Reductions in Federal funding levels could have a materially adverse impact on the State budget. In addition to the potential fiscal impact of policies that may be proposed and adopted by the new administration and Congress, the State budget may be adversely affected by other actions taken by the Federal government, including audits, disallowances, and changes to Federal participation rates or other Medicaid rules.

State Aid History

The State's 2020- 2021 Enacted Budget - Due to the anticipated impact of the COVID-19 pandemic on State revenues, State aid in the State's 2020-2021 Enacted Budget was 3.7% lower than in the State's 2019-2020 Enacted Budget but was offset in part with increased Federal support. This reduction in State Operating Funds support was offset by approximately \$1.1 billion in funding provided to the State through the Federal CARES Act, including the Elementary and Secondary School Emergency Education Relief Fund and the Governor's Emergency Education Relief Fund. With these Federal funds, State aid in the school district fiscal year 2020-2021 was approximately \$27.9 billion, an annual increase of approximately \$100 million or 0.4%. The State's 2020-2021 Enacted Budget continued prior year funding levels for existing programs, including Foundation Aid, Community Schools and Universal Prekindergarten. The 2020-2021 Enacted Budget also provided over \$200 million in support for competitive grant programs, including \$1 million for development of a new Civics Education curriculum and \$10 million for a Student Mental Health program. Funding for expense-based aids, such as Building Aid, Transportation Aid, and Boards of Cooperative Educational Services (BOCES) Aid continued under existing aid formulas. Out-year growth in School Aid reflected then current projections of the ten-year average growth in State personal income. The State's 2020- 2021 Enacted Budget authorized the State's Budget Director to make periodic adjustments to State Aid, in the event that actual State revenues come in below 99% of estimates or if actual disbursements exceed 101% of estimates. Pursuant to that provision, in October, 2020, the State announced that, in the absence of Federal funding to offset such lost revenue, the State had begun to take steps to reduce spending, including but not limited to, temporarily holding back 20% of most aid payments to local governments and school districts. However, the 2020-2021 State aid declines were offset, in part, by \$1.1 billion of increased federal funding through the Coronavirus Aid, Relief, and Economic Security Act. With these federal funds, State aid totaled \$27.9 billion in the State's 2020-2021 Enacted Budget, an annual increase of approximately \$100 million or 0.4% from the 2019-2020 Enacted Budget. As of February 1, 2021, the State Education Department ("SED") advised school districts that the State Division of the Budget would, at some point, provide approval for SED to make the payments to school districts for State aid and other Pre-K-12 grant programs that had been subject to the above-referenced 20% withholding. Such approval was received and the State released all of the withheld funds prior to June 30, 2021.

The State 2021-22 Budget included \$29.5 billion in state aid to school districts, and significantly increased funding for schools and local governments, including a \$1.4 billion increase in Foundation Aid and a three-year phase in of the full restoration to school districts of Foundation Aid that was initially promised in 2007. Additionally, the budget includes the use of \$13 billion of federal funds for emergency relief, along with the Governor's Emergency Education Relief, which includes, in part, the allocation of \$629 million to school districts as targeted grants in an effort to address learning loss as a result of the loss of enrichment and after-school activities. In addition, \$105 million of federal funds are to be allocated to expand full-day kindergarten programs. Under the budget, school districts are to be reimbursed for the cost of delivering school meals and instructional materials in connection with COVID-19-related school closures in spring 2020, along with the costs of keeping transportation employees and contractors on stand-by during the short-term school closures prior to the announcement of the closure of schools for the remainder of the 2019-20 year. Under the budget, local governments are to receive a full restoration of proposed cuts to Aid and Incentives for Municipalities (AIM) funding, and will receive a full restoration of \$10.3 million in proposed Video Lottery Terminal (VLT) aid cuts where applicable.

The State 2022-23 Enacted Budget provides \$31.5 billion in State funding to school districts for the 2022-23 school year, the highest level of State aid ever. This represents an increase of \$2.1 billion or 7.2 percent compared to the 2021-22 school year, and includes a \$1.5 billion or 7.7 percent Foundation Aid increase. The State 2022-23 Enacted Budget also programs \$14 billion of federal Elementary and Secondary School Emergency Relief and Governor's Emergency Education Relief funds to public schools. This funding, available for use over multiple years, is designed to assist public schools to reopen for in-person instruction, address learning loss, and respond to students' academic, social, and emotional needs due to the disruptions of the COVID-19 pandemic. The State's 2022-23 Enacted Budget allocates \$100 million over two years for a new State matching fund for school districts with the highest needs to support efforts to address student well-being and learning loss. In addition, the State 2022-23 Enacted Budget increases federal funds by \$125 million to expand access to full-day prekindergarten programs for four-year-old children in school districts statewide in the 2022-23 school year.

The State's 2023-24 Enacted Budget included \$34.5 billion for school aid, an increase of \$3.1 billion or 10%. The States 2023-24 Budget also provided a \$2.6 billion increase in Foundation Aid, fully funding the program for the first time in history. The State's 2023-24 Enacted Budget provided \$134 million to increase access to free school meals. An additional \$20 million in grant funding established new Early College High School and Pathways in Technology Early College High School Programs. An investment of \$10 million over two years in competitive funding for school districts, boards of cooperative educational services, and community colleges will be made to promote job readiness. An additional \$150 million

will be used to expand high-quality full-day prekindergarten, resulting in universal prekindergarten to be phased into 95% of the State.

The State's 2024-25 Enacted Budget provides \$35.9 billion in State funding to school districts for the 2024-25 school year, the highest level of State aid ever. This represents an increase of \$1.3 billion compared to the 2023-24 school year and includes a \$934 million or 3.89 percent Foundation Aid increase. The State's 2024-25 Enacted Budget maintains the "save harmless" provision, which currently ensures a school district receives at least the same amount of Foundation Aid as it received in the prior year. The State's 2024-25 Enacted Budget also authorizes a comprehensive study by the Rockefeller Institute and the State Department of Education to develop a modernized school funding formula.

The State's 2025-26 Enacted Budget provides \$37.6 billion in State funding to school districts for the 2025-26 school year, the highest level of State aid ever. This represents an increase of \$1.7 billion or 4.9 percent compared to the 2024-25 school year and includes a \$1.4 billion or 5.6 percent Foundation Aid increase. The State's 2025-26 Enacted Budget includes a 2% minimum increase in Foundation Aid to all school districts and makes a number of alterations to the Foundation Aid formula designed to reflect low-income student populations and provide additional aid to low-wealth school districts.

Provisions in the State's 2025-26 Enacted Budget granted the State Budget Director the authority to withhold all or some of the amounts appropriated therein, including amounts that are to be paid on specific dates prescribed in law or regulation (such as State Aid) if, on a cash basis of accounting, a "general fund imbalance" has or is expected to occur in fiscal year 2025-26. Specifically, the State's 2025-26 Enacted Budget provides that a "general fund imbalance" has occurred, and the State Budget Director's powers are activated, if any State fiscal year 2025-26 quarterly financial plan update required by Subdivision 4 of Section 23 of the New York State Finance Law reflects, or if at any point during the final quarter of State fiscal year 2025-26 the State Budget Director projects, that estimated general fund receipts and/or estimated general fund disbursements have or will vary from the estimates included in the State's 2025-26 Enacted Budget financial plan required by sections 22 and 23 of the New York State Finance Law results in a cumulative budget imbalance of \$2 billion or more. Any significant reductions or delays in the payment of State aid could adversely affect the financial condition of school districts in the State. No "general fund imbalance" occurred during the State's 2025-26 fiscal year.

The State's 2026-27 Enacted Budget was signed into law on May 27, 2026 – fifty-six (56) days after the April 1 start of the fiscal year. The FY 2026-27 Education, Labor and Family Assistance (ELFA) legislation contains several significant provisions affecting New York public school districts. The major school district-related items include:

- **Foundation Aid increase.** The budget provides an approximately \$779 million increase in Foundation Aid, bringing total Foundation Aid to about \$27.1 billion statewide. Every district is guaranteed at least a minimum annual increase.
- **Overall School Aid increase.** Total School Aid for the 2026-27 school year is projected at approximately \$39.3 billion, an increase of roughly \$1.6 billion over the prior year.
- **Universal Pre-K expansion.** The legislation significantly expands funding for universal prekindergarten programs. Districts will receive increased per-pupil funding for four-year-old programs, with the goal of statewide universal full-day Pre-K by the 2028-29 school year.
- **Expense-based aids fully funded.** The budget continues statutory reimbursement formulas for Building Aid, Transportation Aid, BOCES Aid and special education expense aids. These aids are projected to increase by roughly \$282 million statewide.
- **Building Aid for renewable energy projects.** Certain renewable energy improvements, including ground-mounted solar facilities, may now qualify as part of a project's "primary cost allowance" for Building Aid purposes.
- **Foundation Aid formula adjustments.** The budget continues recent efforts to modernize the Foundation Aid formula by relying more heavily on updated poverty and economic-need data instead of older census metrics and free-and-reduced lunch statistics.

On January 20, 2026, Governor Hochul released her proposed 2026-27 Executive Budget. The Executive Budget provides for a total of \$39.3 billion in school aid, with \$27.1 billion being Foundation Aid (a 3% increase over the current year). Expense-based and categorical aids, such as school construction, transportation, shared services through the BOCES and special education, are proposed to be increased by \$282 million (a 2.9% increase) for a total budgetary appropriation of \$9.8 billion. Further, the Executive Budget provides for an increase to Universal Prekindergarten aid of \$431 million (40.3%), amounting to a total of \$1.5 billion.

The 2026-2027 budget was adopted on May 28, 2026 and provided \$39 billion in school aid (a \$1.7 billion increase since last year) and \$27.4 billion in foundation aid (a \$1 billion increase since last year). Universal Prekindergarten Aid was increased by \$561 million, bringing the total funding to \$1.6 billion. Finally, the Enacted Budget extended the zero-emission bus mandate by five years, allowing districts until July 1, 2032 to purchase only zero-emission buses and until July 1, 2040 exclusively utilize zero emission buses.

Foundation aid is New York State's main education operating aid formula. It is focused on allocating New York State funds equitably to all school districts, especially high-need districts, based on student need, community wealth, and regional cost differences. As stated above, the Enacted Budget provides \$1 billion increase in Foundation Aid for the 2026-2027 school year. Foundation aid is intended mainly to support district's instructional cost. It is the largest aid category within the school aid budget category. Building aid is considered an expense-based type of aid.

State Aid Litigation - In January 2001, the State Supreme Court issued a decision in *Campaign for Fiscal Equity v. New York* mandating that the system of apportionment of State aid to school districts within the State be restructured by the Governor and the State Legislature. On June 25, 2002, the Appellate Division of the State Supreme Court reversed that decision. On June 26, 2003, the State Court of Appeals, the highest court in the State, reversed the Appellate Division, holding that the State must, by July 30, 2004, ascertain the actual cost of providing a sound basic education, enact reforms to the system of school funding and ensure a system of accountability for such reforms. The Court of Appeals further modified the decision of the Appellate Division by deciding against a Statewide remedy and instead limited its ruling solely to the New York City school system.

After further litigation, on appeal in 2006, the Court of Appeals held that \$1.93 billion of additional funds for the New York City schools — as initially proposed by the Governor and presented to the Legislature as an amount sufficient to provide a sound basic education — was reasonably determined. State legislative reforms in the wake of The Campaign for Fiscal Equity decision included increased accountability for expenditure of State funds and collapsing over 30 categories of school aid for school districts in the State into one classroom operating formula referred to as foundation aid. The stated purpose of foundation aid is to prioritize funding distribution based upon student need. As a result of the Court of Appeals ruling schools were to receive \$5.5 billion increase in foundation aid over a four fiscal year phase-in covering 2007 to 2011.

A case related to the *Campaign for Fiscal Equity, Inc. v. State of New York* was heard on appeal on May 30, 2017 in *New Yorkers for Students' Educational Rights v. State of New York* ("NYSER") and a consolidated case on the right to a sound basic education. The NYSER lawsuit asserts that the State has failed to comply with the original decision in the Court of Appeals in the Campaign for Fiscal Equity case, and asks the Court of Appeals to require the State to develop new methodologies, formulas and mechanisms for determining State aid, to fully fund the foundation aid formula, to eliminate the supermajority requirement for voter approval of budgets which increase school district property tax levies above the property tax cap limitation, and related matters. On June 27, 2017, the Court of Appeals held that the plaintiffs' causes of action were properly dismissed by the earlier Appellate Division decision except insofar as two causes of action regarding accountability mechanisms and sufficient State funding for a "sound basic education" as applicable solely to the school districts in New York City and Syracuse. The Court emphasized its previous ruling in the Campaign for Fiscal Equity case that absent "gross education inadequacies", claims regarding State funding for a "sound basic education" must be made on a district-by-district basis based on the specific facts therein. On October 14, 2021, Governor Hochul announced that New York State has reached an agreement to settle and discontinue the *New Yorkers for Students' Educational Rights v. New York State* case, following through on the State's commitment to fully fund the current Foundation Aid formula to New York's school districts over three years and ending the State's prior opposition to providing such funding. The litigation, which has been ongoing since 2014, sought to require New York State to fully fund the Foundation Aid formula that was put into place following the Campaign for Fiscal Equity cases, and has been previously opposed by the State. Foundation Aid was created in 2007 and takes school district wealth and student need into account to create an equitable distribution of state funding to schools, however, New York State has never fully funded Foundation Aid. The new settlement requires New York to phase-in full funding of Foundation Aid by the FY 2024 budget. In the 2022 Enacted State Budget approved in April 2022, the Executive and Legislature agreed to fully fund the Foundation Aid by FY 2024 budget and enacted this commitment into law. A breakdown of the currently anticipated Foundation Aid funding is available below:

- FY 2022: \$19.8 billion, covering 30% of existing shortfall.
- FY 2023: Approximately \$21.3 billion, cover 50% of the anticipated shortfall.

- FY 2024: Approximately \$23.2 billion, eliminating the anticipated shortfall, and funding the full amount of Foundation Aid for all school Districts.
- FY 2025: Funding the full amount of Foundation Aid for all school districts.
- FY 2026: 2% minimum increase in Foundation Aid to all school districts. The State's 2025-26 Enacted Budget makes a number of alterations to the Foundation Aid formula designed to reflect low-income student populations and provide additional aid to low-wealth school districts.
- FY 2027: \$27.1 billion in Foundation Aid, an increase of \$779 million from 2025-26, and a 2% minimum increase in Foundation Aid to all school districts. The State's 2026-27 Enacted Budget continued to make a number of alterations to the Foundation Aid formula designed to reflect low-income student populations and provide additional aid to low-wealth school districts.

The following table illustrates the percentage of total revenue of the District for each of the below fiscal years comprised of State aid and budgeted figures for the 2025-26 fiscal year and proposed figures for the 2026-27 fiscal year.

Fiscal Year	Total Revenues	Total State Aid	Percentage of Total Revenues Consisting of State Aid
2020-2021	\$44,146,005	\$31,920,008	72.31%
2021-2022	45,921,601	34,409,445	74.93
2022-2023	48,446,517	36,459,239	75.26
2023-2024	56,497,312	43,424,722	76.86
2024-2025	58,362,969	45,070,562	77.22
2025-2026 (Budgeted)	58,698,144	46,249,560	78.79
2026-2027 (Budgeted)	59,210,877	46,503,274	78.54

Source: Audited financial statements for the 2020-2021 fiscal year through the 2024-2025 fiscal year and the adopted budgets of the District for the 2025-2026 and 2026-2027 fiscal years. This table is not audited.

Fiscal Stress Monitoring

The New York State Comptroller has developed a Fiscal Stress Monitoring System ("FSMS") to provide independent information to School District officials, taxpayers and policy makers regarding the various levels of fiscal stress under which the State's diverse school districts are operating.

The fiscal stress scores are based on financial information submitted as part of each School District's ST-3 report filed yearly with the State Education Department. Using financial indicators that include year-end fund balance, cash position and patterns of operating deficits, the OSC system creates an overall fiscal stress score which classifies whether a district is in "significant fiscal stress", in "moderate fiscal stress", as "susceptible to fiscal stress" or "no designation". Entities that do not accumulate the number of points that would place them in a stress category will receive a financial score but will be classified in a category of "no designation". This classification should not be interpreted to imply that the entity is completely free of fiscal stress conditions. Rather, the entity's financial information, when objectively scored according to the FSMS criteria, did not generate sufficient points to place them in one of the three established stress categories.

The State Comptroller reports for the past five fiscal years of the District are as follows:

<u>Fiscal Year Ending In</u>	<u>Stress Designation</u>	<u>Fiscal Score</u>
2025	No Designation	10.0
2024	No Designation	13.0
2023	No Designation	10.0
2022	No Designation	10.0
2021	No Designation	3.3

Note: See the official website of the New York State Comptroller for more information on FSMS. Reference to websites implies no warranty of accuracy of information therein.

New York State Comptroller Report of Examination

The State Comptroller's office, i.e., the Department of Audit and Control, periodically performs a compliance review to ascertain whether the District has complied with the requirements of various State and Federal statutes. These audits can be found by visiting the Audits of Local Governments section of the Office of the State Comptroller website.

The State Comptroller's office released an audit report of the District on October 13, 2017. The purpose of the audit was to review the District's financial management practices for the period July 1, 2013 through May 25, 2017.

Key Findings:

- The Board and District officials consistently overestimated appropriations by an average of \$3.7 million.
- Three of the District's reserves, totaling \$14.8 million, appear to be overfunded.
- From 2013-14 through 2015-16, the District realized operating surpluses and did not need to use any appropriated fund balance to finance operations.

Key Recommendations:

- Adopt budgets that realistically reflect the District's operating needs based on historical trends or other identified analyses.
- Review all reserves to determine if the amounts reserved are necessary and reasonable.
- Use surplus funds as a financing source for funding one-time expenditures, reducing District property taxes or funding needed reserves.

A copy of the complete report and response can be found via the website of the Office of the New York State Comptroller.

There are no State Comptroller's audits of the District that are currently in progress or pending release.

Other Information

The statutory authority for the power to spend money for the object or purpose, or to accomplish the object or purpose, for which the Notes were issued is the Education Law and the Local Finance Law.

No principal or interest upon any obligation of the School District is past due.

The fiscal year of the School District is from July 1 to June 30.

Other than "STATUS OF INDEBTEDNESS - Estimated Calculation of Overlapping Indebtedness", this Official Statement does not include the financial data of any other political subdivisions of the State having power to levy taxes within the School District.

Financial Statements

The School District retains an independent Certified Public Accountant, whose most recent report covers the period ended June 30, 2025 and may be found attached hereto as Appendix C.

The District complies with the Uniform System of Accounts as prescribed for school districts in New York State. This system differs from generally accepted accounting principles as prescribed by the American Institute of Certified Public Accountants' Industry Audit Guide, "Audits of State and Local Governmental Units", and codified in Government Accounting, Auditing and Financial Reporting ("GAAFR"), published by the National Committee on Government Accounting.

Tax Collection Procedure

Taxes are collected by the District Tax Collector.

School tax payments are due September 9, payable to October 18 without penalty. A 2% penalty is added for taxes paid between October 21 and November 26. After November 26, unpaid taxes are turned over to the enforcement officer for collection and additional penalties are imposed.

Section 1332 of the Real Property Tax Law states that the City and County tax officers shall proceed to enforce such unpaid taxes in the same manner as though they were City and County taxes, with 5% of the principal and interest added thereto. The tax enforcement officer will pay to the District all monies realized from the collection of unpaid taxes including interest, less the amount of 5% added thereto. If the City or County bids in on any property, the District shall receive the amount of unpaid taxes from the State by the first business day of January in each year.

The District is reimbursed by the County for all unpaid taxes so that it is assured of 100% collection of its tax levy each year.

Tax Collection Record

Fiscal Year Ended June 30:

	<u>2022</u>	<u>2023</u>	<u>2024</u>	<u>2025</u>	<u>2026*</u>
Total Tax Levy	\$ 10,165,975	\$10,368,278	\$10,574,607	\$ 10,786,099	\$11,208,497
Less STAR Reimbursement	1,749,117	1,649,284	1,598,645	1,502,729	1,402,870
Adjustments	0	0	9	933	0
Total Taxes to be Collected	8,416,858	8,718,994	8,975,962	9,282,437	9,805,627
Taxes Collected Prior to Return to County	\$ 7,821,200	\$ 8,342,605	\$ 8,592,758	\$ 8,883,237	\$ 9,027,798
Returned to County	\$881,007	\$376,389	\$383,204	\$850,132	\$777,829
% Collected Prior to Return	90.00%	95.68%	94.00%	91.00%	92.00%

Note: * Tax Collection as of 12/2/2025

Uncollected Taxes are relieved with the City and County, which reimburses the District in whole, hence the District is assured 100% collection of its tax levy. See "Tax Collection Procedure" above for more information.

1. The above taxpayers represent 8.25% of the School District's 2025-26 Full value of \$926,250,803

As of the date of this Official Statement, the District does not currently have any pending or outstanding tax certioraris that are known to have a material impact on the District.

Payment in Lieu of Taxes Agreements

The following entities have entered into a payment in lieu of taxes agreement:

- 320 Roberts Rd Freezer has an agreement dated October 15, 2018. The PILOT Agreement expires February 28, 2039. The District is anticipating receiving a payment in the amount of \$37,170.88 in the 2025-26 fiscal year.
- Sheridan CSG I has an agreement. The District is anticipating receiving a payment in the amount of \$9,490.34 in the 2025-26 fiscal year.
- Sheridan CSG II has an agreement. The District is anticipating receiving a payment in the amount of \$9,490.34 in the 2025-26 fiscal year.
- Americold has an agreement dated June 1, 2021 and October 21, 2021. The PILOT Agreement does not have an expiration date. The District is anticipating receiving a payment in the amount of \$81,847.59 in the 2025-26 fiscal year.
- Atwater has an agreement dated February 28, 2022. The PILOT Agreement expires December 31, 2032. The District is anticipating receiving a payment in the amount of \$61,370.36 in the 2025-26 fiscal year.
- DMP Chadwick has an agreement dated July 11, 2013. The PILOT Agreement expires July 11, 2025. The District is anticipating receiving a payment in the amount of \$15,137.11 in the 2025-26 fiscal year.
- ECR has an agreement dated August 18, 2018. The PILOT Agreement expires December 31, 2030. The District is anticipating receiving a payment in the amount of \$38,686 in the 2025-26 fiscal year.
- Immunity Bio has an agreement. The District is anticipating receiving a payment in the amount of \$2,542.93 in the 2025-26 fiscal year.
- Wells has an agreement dated March 8, 2024. The PILOT Agreement expires December 31, 2034. The District is anticipating receiving payments in the amount of \$7,284.98; \$90,510.35; and \$34,876.88 in the 2025-26 fiscal year.
- 401 Central LLC has an agreement. The District is anticipating receiving a payment in the amount of \$2,528.83 in the 2025-26 fiscal year.

General Fund Operations

District finances are operated primarily through its General Fund. All taxes and most other revenues are paid into this fund and all current operating expenditures are made from it. (A statement of such revenues and expenditures for the five-year period ending June 30, 2025 is contained in the Appendices). As reflected in the Appendices, the District derives the bulk of its annual revenues from a tax on real property and from State aid. Capital improvements are generally financed by the issuance of bonds and bond anticipation notes.

STAR – School Tax Exemption

The STAR (School Tax Relief) program provides State-funded exemptions from school property taxes to homeowners for their primary residences. School districts are reimbursed by the State for real property taxes exempted pursuant to the STAR Program.

Homeowners over 65 years of age with household adjusted gross incomes, less the taxable amount of total distributions from individual retirement accounts and individual retirement annuities (“STAR Adjusted Gross Income”) of \$110,750 or less in 2026, increased annually according to a cost-of-living adjustment, are eligible for a “full value” exemption of the first \$88,500 for the 2026-27 school year (adjusted annually). Other homeowners with household STAR Adjusted Gross Income not in excess of \$250,000 (\$500,000 in the case of a STAR Credit, as discussed below) are eligible for a \$30,000 “full value” exemption on their primary residence.

The 2022-23 State budget provided \$2.2 billion in State funding for a new one-year property tax relief credit, the Homeowner Tax Rebate Credit, for eligible low- and middle-income households, as well as eligible senior households. Under this program, basic STAR exemption and credit beneficiaries with incomes below \$250,000 and Enhanced STAR recipients were eligible for the property tax rebate where the benefit was a percentage of the homeowners’ existing STAR benefit.

TAX LEVY LIMITATION LAW

On June 24, 2011, Chapter 97 of the Laws of 2011 was signed into law by the Governor. The Tax Levy Limit Law modifies current law by imposing a limit on the amount of real property taxes that a school district may levy. The Law affected school district tax levies for the school district fiscal year beginning July 1, 2012.

Prior to the enactment of the Law, there was no statutory limitation on the amount of real property taxes that a school district could levy if its budget had been approved by a simple majority of its voters. In the event the budget had been defeated by the voters, the school district was required to adopt a contingency budget. Under a contingency budget, school budget increases were limited to the lesser of four percent (4%) of the prior year's budget or one hundred twenty percent (120%) of the consumer price index ("CPI").

The Tax Levy Limit Law requires that a school district hereafter submit its proposed tax levy (not its proposed budget) to the voters each year and imposes a limitation on the amount of tax levy growth from one fiscal year to the next. Such limitation is the lesser of (i) 2% or (ii) the annual percentage increase in the CPI, as described in the Law. Tax levies that do not exceed such limit will require approval by at least 50% of the voters. Approval by at least 60% of the voters will be required for a tax levy in excess of the limit. In the event the voters reject the tax levy, the school district's tax levy for the ensuing fiscal year may not exceed the amount of the tax levy for the prior fiscal year, without any stated exceptions.

There are exceptions for school districts to the tax levy limitation provided in the law, including expenditures made on account of certain tort settlements and certain increases in the average actuarial contribution rates of the New York State and Local Employees' Retirement System and the Teachers' Retirement System. School districts are also permitted to carry forward a certain portion of their unused levy limitation from a prior year.

There is also an exception for school districts for "Capital Local Expenditures" subject to voter approval where required by law. This term is defined in a manner that does not include certain items for which a school district may issue debt, including the payment of judgments or settled claims, including tax certiorari payments, and cashflow borrowings, including tax anticipation notes, revenue anticipation notes, budget notes and deficiency notes. "Capital Local Expenditures", are defined as "the taxes associated with budgeted expenditures resulting from the financing, refinancing, acquisition, design, construction, reconstruction, rehabilitation, improvement, furnishing and equipping of or otherwise providing for school district capital facilities or school district capital equipment, including debt service and lease expenditures, and transportation capital debt service, subject to the approval of the qualified voters where required by law". The portion of the tax levy necessary to support "Capital Local Expenditures" is defined as the "Capital Tax Levy" and is an exclusion from the tax levy limitation.

On February 20, 2013, the New York State United Teachers ("NYSUT") and several individuals filed a lawsuit in State Supreme Court seeking a declaratory judgment and a preliminary injunction that the Tax Levy Limitation Law is unconstitutional as it applies to public school districts. On September 23, 2014, a Justice of the State Supreme Court dismissed each of NYSUT's causes of action but granted NYSUT's motion to amend the complaint. After the ruling, NYSUT amended its complaint to include a challenge to the Real Property Tax Rebate, also on Federal and State constitutional grounds. On March 16, 2015, all causes of action contained in the amended complaint were dismissed. On May 5, 2016, the dismissal was upheld by the New York Supreme Court, Appellate Division, Third Judicial Department to dismiss the complaint. An additional appeal by NYSUT was dismissed on October 20, 2016, by the Court of Appeals, New York's highest court, on the grounds that no substantial constitutional question was directly involved, and thereafter, leave to appeal was denied on January 14, 2017, by the Court of Appeals.

STATUS OF INDEBTEDNESS

Constitutional Requirements

The New York State Constitution limits the power of the District (and other municipalities and certain school districts of the State) to issue obligations and to contract indebtedness. Such constitutional limitations in summary form and as generally applicable to the District include the following:

Purpose and Pledge. The District shall not give or loan any money or property to or in aid of any individual or private undertaking or give or loan its credit to or in aid of any of the foregoing or any public corporation.

The District may contract indebtedness only for a District purpose and shall pledge its faith and credit for the payment of principal of and interest thereon.

Payment and Maturity. Except for certain short-term indebtedness contracted in anticipation of taxes or to be paid within three fiscal year periods, indebtedness shall be paid in annual installments commencing no later than two years after the date such indebtedness shall have been contracted and ending no later than the expiration of the period of probable usefulness of the object or purpose as determined by statute; unless substantially level or declining annual debt service is utilized, no installment may be more than fifty percent in excess of the smallest prior installment. The District is required to provide an annual appropriation for the payment of interest due during the year on its indebtedness and for the amounts required in such year for amortization and redemption of its serial bonds and such required annual installments on its notes.

Debt Limit. The District has the power to contract indebtedness for any school district purpose so long as the principal amount thereof shall not exceed ten per centum of the full valuation of the taxable real estate of the District and subject to certain enumerated deductions. The constitutional method for determining full valuation by taking the assessed valuation of taxable real estate for the last completed assessment roll and applying thereto the ratio which such assessed valuation bears to the full valuation as determined by the State Office of Real Property Services. The State Legislature is required to prescribe the manner by which such ratio shall be determined.

Statutory Procedure

In general, the State Legislature has, by the enactment of the Local Finance Law, authorized the powers and procedure for the District to borrow and incur indebtedness subject, of course, to the constitutional provisions set forth above. The power to spend money, however, generally derives from other laws, including the Education Law.

The District is generally required by such laws to submit propositions for the expenditure of money for capital purposes to the qualified electors of the District. Upon approval thereby, the Board of Education may adopt a bond resolution authorizing the issuance of bonds and notes in anticipation of the bonds. With respect to certain school building construction projects, the District is not permitted to spend in excess of \$100,000 for construction costs until the plans and specifications for such project have been approved by the Commissioner of Education of the State. The District has obtained such approval with respect to the project to be financed by the Notes.

Each bond resolution usually authorizes the construction, acquisition or installation of the object or purpose to be financed, sets forth the plan of financing and specifies the maximum maturity of the bonds subject to the legal (Constitution, Local Finance Law, and case law) restrictions relating to the period of probable usefulness with respect thereto.

The Local Finance Law also provides that where a bond resolution is published with a statutory form of notice, the validity of the bonds authorized thereby, including bond anticipation notes issued in anticipation of the sale thereof, may be contested only if:

1. (a) Such obligations are authorized for an object or purpose of which the District is not authorized to expend money; or
(b) The provisions of the law which should be complied with as of the date of publication of the notice were not substantially complied with;

and an action, suit or proceeding contesting such validity is commenced within 20 days after the date of such publication of the notice; or

2. Such obligations were authorized in violation of the provisions of the Constitution of New York.

The District typically complies with this estoppel procedure, and it has done so with respect to the bond resolution pursuant to which the Notes are being issued. It is a procedure that is recommended by Bond Counsel, but it is not an absolute legal requirement.

The Board, as the finance board of the District, has the power to enact bond resolutions. In addition, such finance board has the power to authorize the sale and issuance of obligations. However, such finance board may delegate the power to sell the obligations to the President of the Board of Education, the chief fiscal officer of the District, pursuant to the Local Finance Law.

The District is further subject to constitutional limitation by the general constitutionally imposed duty on the State Legislature to restrict the power of taxation and contracting indebtedness; however, the State Legislature is prohibited by a specific constitutional provision from restricting the power of the District to levy taxes on real estate for the payment of interest on or principal of indebtedness theretofore contracted.

Statutory law in the State permits bond anticipation notes to be renewed each year provided annual principal installments are made in reduction of the total amount of such notes outstanding, commencing no later than two years from the date of the first issuance of such notes and provided that such renewal issues do not exceed five years beyond the original date of borrowing. Additionally, in response to the COVID-19 pandemic, legislation has been adopted that allows certain bond anticipation notes originally issued between 2015 and 2021 to be renewed up to seven years prior to the issuance of serial bonds.

In general, the Local Finance Law contains provisions providing the District with power to issue certain other short term general obligation indebtedness including revenue, tax anticipation, budget, and capital notes.

Note: 1. Issued as Qualified School Construction Bonds. The District will receive direct payments from the United States Treasury equal to the amount of interest payable, thereby resulting in an effective 0% interest rate. However, since March 1, 2013 the subsidy payments have been subject to certain automatic reductions pursuant to the requirements of the Balanced Budget and Emergency Deficit Control Act of 1985, as amended, commonly known as federal sequestration. The District was notified by the Department of Treasury that the subsidy payments due to the District between October 1, 2019 and September 30, 2020 will be reduced by 5.9%. This follows cuts of 6.2% in 2018, 6.9% in 2017, 6.8% in 2016, 7.3% in 2015 and 7.2% in 2014. The sequestration reduction rate will be applied until the end of the federal fiscal year (September 30, 2020) or intervening Congressional action, at which time the sequestration rate is subject to change.

Status of Short-Term Indebtedness

The District does not have any short-term indebtedness as of the date of this Continuing Disclosure Statement.

Cash Flow Borrowings

The District has not found it necessary to borrow in anticipation of taxes or revenues in recent years, nor does it anticipate such borrowing in the near future.

Capital Project Plans

The District voters approved a \$83,725,000 Capital Project on May 21, 2024. This project will consist of reconstruction and renovation, in part, and construction of improvements, additions and upgrades to, various District buildings and facilities and the sites thereof. Construction began in Spring 2026. The project was broken down into three propositions with the amounts listed below. Proposition #1 is reconstruction and renovation and construction improvements, additions and upgrades to various district buildings and facilities, Proposition #2 relates to construction and improvements and upgrades to various district athletic facilities and sites and Proposition #3 consists of air conditioning of various district buildings. The District issued a \$360,000 Bond Anticipation Note on April 9, 2026. That issue was paid in full at maturity with available funds.

The proceeds of this issue will provide \$12,000,000 of new money for this project.

Building Aid Estimate

Although a school district in a city is prohibited from excluding estimated building aid when computing their debt limits, a school district in a city does receive building aid. School District officials estimate that aid may be received on its outstanding indebtedness at its Building Aid Ratio of 97.4%.

The State building aid ratio is calculated each year based upon a formula which reflects Resident Weighted Average Daily Attendance (RWADA) and the full value per pupil compared with the State average. Consequently, the estimated aid will vary over the life of each issue. State building aid is further dependent upon the continued apportionment of funds by the State Legislature.

A fundamental reform of building aid was enacted as Chapter 383 of the Laws of 2001. The provisions legislated, among other things, a new “assumed amortization” payout schedule for future State building aid payments based on an annual ‘average interest rate” and mandatory periods of probable usefulness with respect to the allocation of building aid. The School District has no reason to believe that it will not ultimately receive all of the building aid it anticipates; however, no assurance can be given as to when and how much building aid the School District will receive in relation to its outstanding debt. See “THE SCHOOL DISTRICT - State Aid” herein.

Debt Statement Summary

As of July 30, 2026

1

<u>City/Town</u>	<u>Taxable Assessed Valuation</u>	<u>State Equalization Rate</u>	<u>Equalized Value</u>
City of Dunkirk	\$ 292,872,208	44.00%	\$ 665,618,655

N/A Information not available from source document

Debt Ratios

The following table sets forth certain ratios relating to the District's indebtedness as of July 30, 2026:

	Amount	Per Capita	(a) Percentage of Full Value	(b)
Net Indebtedness	\$ 26,880,000	\$ 1,942.90	2.902%	
Net Indebtedness Plus Net Overlapping Indebtedness	\$ 76,117,370	\$ 5,501.80	8.218%	

(a) The District's estimated population is 13,835. (Source: 2024 U.S. Census Bureau estimate)

(b) The District's full valuation of taxable real estate for 2025-26 is \$926,250,802.

Note: The above ratios do not take into account State building aid the District will receive for past and current construction building projects.

MARKET AND RISK FACTORS

There are various forms of risk associated with investing in the Notes. One such risk is that the District will be unable to promptly pay interest and principal on the Notes as they become due (see “Remedies of Noteholders on Default,” herein). If a Noteholder elects to sell his or her investment prior to its scheduled maturity date, market access or price risk may be incurred. The following is a discussion of certain events that could affect the risk of investing in the Notes. In addition, there may be other risk factors which a potential investor must consider. In order to make an informed investment decision, an investor should be thoroughly familiar with the entire Official Statement, including its appendices, as well as all areas of potential risk.

There are a number of factors which could have a detrimental effect on the ability of the District to continue to generate revenues, particularly its property taxes. For instance, the termination of a major commercial enterprise or an unexpected revenue increase in tax certiorari proceedings could result in a reduction in the assessed valuation of taxable real property in the District. In addition, to the extent that the District is dependent on State aid, there can be no assurance that such aid will be continued in the future. Unforeseen developments could also result in substantial increases in District expenditures, thus placing considerable strain on the District’s financial condition.

The financial condition of the District as well as the market for the Notes could be affected by a variety of factors, some of which are beyond the District’s control. There can be no assurance that adverse events in the State, including for example, the seeking by a municipality or remedies pursuant to the Federal Bankruptcy Code or otherwise, will not occur which might affect the market price of and the market for the Notes. If a significant default or other financial crisis should occur in the affairs of the State or any of its agencies or political subdivisions thereby further impairing the acceptability of obligations issued by borrowers within the State, both the ability of the District to arrange for additional borrowings, and the market for and market value of outstanding debt obligations, including the Notes, could be adversely affected.

If and when a holder of any Note should elect to sell a Note prior to its maturity, there can be no assurance that a market shall have been established, maintained and be in existence for the purchase and sale of any of the Notes. In addition, the price and principal value of the Notes is dependent on the prevailing level of interest rates, if interest rates rise. The price of a Note will decline, causing the Noteholder to incur a capital loss upon the sale of such Note (unless such Note is held to maturity).

On December 22, 2017, former President Trump signed into law the significant tax reform legislation that is generally referred to as the “Tax Cuts and Jobs Act of 2017” (the “TCJA”). The TCJA made significant changes to the Code, most of which became effective for the 2018 tax year. The TCJA made extensive changes to the deductibility of various taxes, including placing a cap of \$10,000 on a taxpayer’s deduction of state and local taxes.

On August 16, 2022, former President Biden signed into law the Inflation Reduction Act of 2022 (H.R. 5376). This legislation will impose a minimum tax of 15 percent on the “adjusted financial statement income” of certain large corporations, generally consisting of corporations (other than S corporations, regulated investment companies and real estate investment trusts) with at least \$1 billion in average annual earnings, and certain foreign-parented multinational corporations with at least \$100 million in average annual earnings, determined over a three-year period. For this purpose, adjusted financial statement income is not reduced for interest and earned on tax-exempt obligations. Prospective holders of the Notes that could be subject to this minimum tax should consult with their own tax advisors regarding the potential consequences of owning the Notes.

Cyber Security

The District, like many other public and private entities, relies on technology to conduct its operations. As a recipient and provider of personal, private, or sensitive information, the District faces multiple cyber threats including, but not limited to hacking, viruses, malware and other attacks on computer and other sensitive digital networks and systems. The results of any such attack could impact business operations and/or damage District digital networks and systems and the costs of remedying any such damage could be substantial.

The Trump administration has publicly discussed dismantling the federal Education Department. It is not possible to know what impact that would have on school districts across the country, including the School District. Additionally, the

Trump administration has proposed, and imposed, tariffs on a variety of different nations across the globe. The effects of such tariffs are not known at this time. Finally, the validity of such tariffs have been challenged in federal court, but a final outcome has yet to be determined.

TAX EXEMPTION

Hodgson Russ LLP, of Buffalo, New York, Bond Counsel will deliver an opinion that, under existing law, the interest on the Notes is excluded from gross income, of the holders thereof for federal income tax purposes and is not an item of tax preference for the purpose of the individual alternative minimum tax imposed by the Code. However, such opinion will note that the District, by failing to comply with certain restrictions contained in the Code, may cause interest on the Notes to become subject to federal income taxation from the date of issuance of the Notes. We observe that interest on the notes will be included in the adjusted financial statement income of certain corporations that are subject to the alternative minimum tax under Section 55 of the Code. Such opinion will state that interest on the Notes is exempt from personal income taxes imposed by New York State or any political subdivision thereof (including the City of New York).

In rendering the foregoing opinion, Hodgson Russ LLP will note that the exclusion of the interest on the Notes from gross income for federal income tax purposes is subject to among other things, continuing compliance by the District with the applicable requirements of Sections 141, 148 and 149 of the Code and regulations promulgated thereunder (collectively, the “Tax Requirements”). In the opinion of Hodgson Russ LLP, the tax certificate and the non-arbitrage certificate that will be executed and delivered by the District in connection with the issuance of the Notes (collectively, the “Certificates”) establish the requirements and procedures, compliance with which will satisfy the Tax Requirements applicable to the Notes.

The Tax Requirements referred to above, which must be complied with in order that interest on the Notes remains excluded from gross income for federal income tax purposes, include, but are not limited to:

1. The requirement that the proceeds of the Notes be used in a manner so that the Notes are not obligations which meet the definition of a “private activity bond” within the meaning of Code Section 141;
2. The requirement contained in Code Section 148 relating to arbitrage bonds; and
3. The requirement the payment of principal or interest on the Notes not be directly or indirectly guaranteed (in whole or in part) by the United States (or any agency or instrumentality thereof) as provided in Section 149(b) of the Code.

In the Certificates, the District will covenant to comply with the Tax Requirements, and to refrain from taking any action which would cause the interest on the Notes to be includable in gross income for federal income tax purposes. Any violation of the Tax Requirements may cause the interest on the Notes to be included in gross income for federal income tax purposes from the date of issuance of the Notes. Hodgson Russ LLP expresses no opinion regarding other federal tax consequences arising with respect to the Notes.

Prospective purchasers of the Notes should be aware that ownership of, accrual or receipt of interest on, or disposition of, the Notes may have collateral federal income tax consequences for certain taxpayers, including financial institutions, property and casualty insurance companies, S corporations, certain foreign corporation, individual recipients of Social Security or Railroad Retirement benefits, and taxpayers who may be deemed to have incurred or continued indebtedness to purchase or carry such obligations. Prospective purchasers should consult their tax advisors as to any possible collateral consequences from their ownership of, or receipt of interest on, or disposition of, the Notes. Bond Counsel expresses no opinion regarding any such collateral federal tax consequences.

In general, information reporting requirements will apply to non-corporate holders with respect to payments of principal, payments of interest, and proceeds of the sale of a bond or note before maturity within the United States. Backup withholding may apply to a holder of the Notes under Code Section 3406, if such holder fails to provide the information required on Internal Revenue Service (“IRS”) form W-9, Request for Taxpayer Identification Number and Certification, or the IRS has specifically identified the holder as being subject to backup withholding because of prior underreporting. Any amounts withheld under the backup withholding rules from a payment to a beneficial owner, and which constitutes over-withholding, would be allowed as a refund or credit against such beneficial owner’s United States federal income tax provided the required

information is furnished to the IRS. Neither the information reporting requirement nor the backup withholding requirement affects the excludability of interest on the Notes from gross income for federal income tax purposes.

Bond Counsel has not undertaken to advise in the future whether any events occurring after the date of issuance of the Notes may affect the tax status of interest on the Notes. The Code has been continuously subject to legislative modifications, amendments, and revisions and proposals for future changes are regularly submitted by leaders of the legislative and executive branches of the federal government. No representation is made as to the likelihood of such proposals being enacted in their current or similar form, or if enacted, the effective date of any such legislation, and no assurances can be given that such proposals or amendments will not materially and adversely affect the economic value of the Notes or the tax consequences of ownership of the Notes. Prospective purchasers are encouraged to consult their own legal and tax advisors with respect to these matters.

APPROVAL OF LEGAL PROCEEDINGS

The validity of the Notes will be covered by the unqualified legal opinion of Hodgson Russ LLP, of Buffalo, New York, Bond Counsel to the School District, such opinion to be delivered with the Notes.

DISCLOSURE UNDERTAKING

In accordance with the provisions of Rule 15c2-12, as the same may be amended or officially interpreted from time to time (the "Rule"), promulgated by the Securities and Exchange Commission pursuant to the Securities Exchange Act of 1934, unless the Notes are purchased for the purchaser's own account, as principal for investment and not for resale, the School District will enter into a Disclosure Undertaking at closing, the form of which is attached hereto as "Appendix C". A purchaser buying for its own account shall deliver a municipal securities disclosure certificate that documents its intent to purchase the Bonds as principal for investment and not for resale (in a form satisfactory to Bond Counsel) establishing that an exemption from the Rule applies.

CONTINUING DISCLOSURE COMPLIANCE PROCEDURES

The School District has established procedures designed to ensure that future filings of continuing disclosure information will be in compliance with existing continuing disclosure obligations, including transmitting such filings to the Municipal Securities Rulemaking Board established pursuant to Section 15B(b)(1) of the Securities Exchange Act of 1934 through the Electronic Municipal Market Access System.

The District is in compliance in all material respects within the last five years with all previous undertakings made pursuant to the Rule.

LITIGATION

In common with other local governments and school districts, the District from time to time receives notices claim and is a party to litigation. In the opinion of the District, after consultation with its attorney, unless otherwise set forth herein and apart from matters provided for by applicable insurance coverage, there are no significant claims or actions pending in which the District has not asserted a substantial and adequate defense, nor which if determined against the District, would have adverse material effect on the financial condition of the District.

There is no action, suit, proceeding or investigation, at law or in equity, before or by any court, public board or body pending or, to the best knowledge of the District, threatened against or affecting the District to restrain or enjoin the issuance, sale or delivery of the Notes or the levy and collections of taxes or assessments to pay same, or in any way contesting or affecting the validity of the Notes or any proceedings or authority of the District taken with respect to the authorization, issuance or sale of the Notes or contesting the corporate existence or boundaries of the District.

RATING

The Notes are not rated. The purchaser(s) of the Notes may choose to have a rating completed after the sale at the expense of the purchaser(s), including any fees to be incurred by the District.

The most recent underlying rating assigned to the School District by S&P Global Ratings, a division of Standard & Poor's Financial Services LLC, is an A (Stable Outlook) rating, which was assigned in connection with the issuance by the School District of \$3,300,000 School District Refunding Serial Bonds on April 27, 2021.

A rating reflects only the view of the rating agency assigning such rating and an explanation of the significance of such rating may be obtained from such rating agency. Generally, rating agencies base their ratings on the information and materials furnished to it and on investigations, studies, and assumptions by the respective rating agency. There is no assurance that a rating will continue for any given period of time or that it will not be revised downward or withdrawn entirely by such rating agency if, in its judgment, circumstances so warrant. Any downward revision or withdrawal of the rating of the District's outstanding serial bonds may have an adverse effect on the market price of the bonds.

MUNICIPAL ADVISOR

R.G. Timbs, Inc. is a Municipal Advisor, registered with the Securities and Exchange Commission and the Municipal Securities Rulemaking Board. The Municipal Advisor serves as independent municipal advisor to the District on matters relating to debt management. The Municipal Advisor is a municipal advisory and consulting organization and is not engaged in the business of underwriting, marketing, or trading municipal securities or any other negotiated instruments. The Municipal Advisor has provided advice as to the plan of financing and the structuring of the Notes and has reviewed and commented on certain legal documents, including this Official Statement. The advice on the plan of financing and the structuring of the Notes was based on materials provided by the District and other sources of information believed to be reliable. The Municipal Advisor has not audited, authenticated, or otherwise verified the information provided by the District or the information set forth in this Official Statement or any other information available to the District with respect to the appropriateness, accuracy, or completeness of disclosure of such information and no guarantee, warranty, or other representation is made by the Municipal Advisor respecting the accuracy and completeness of or any other matter related to such information and this Official Statement.

MISCELLANEOUS

The execution and delivery of this Official Statement have been duly authorized by the Board. Concurrently with the delivery of the Notes, the District will furnish a certificate to the effect that as of the date of the Official Statement, the Official Statement did not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading, subject to the condition that while information in the Official Statement obtained from sources other than the District is not guaranteed as to accuracy, completeness or fairness, the District has no reason to believe and does not believe that such information is materially inaccurate or misleading, and to the knowledge of the District, since the date of the Official Statement, there have been no material transactions not in the ordinary course of affairs entered into by the District and no material adverse changes in the general affairs of the District or in its financial condition as shown in the Official Statement other than as disclosed in or contemplated by the Official Statement. Certain information contained in the Official Statement has been obtained from sources other than the District. All quotations from and summaries and explanations of provisions of laws herein do not purport to be complete and reference is made to such laws for full and complete statements of their provisions.

So far as any statements made in this Official Statement involve matters of opinion or estimates, whether or not expressly stated, they are set forth as such and not as representations of fact, and no representation is made that any of the statements will be realized. Neither this Official Statement nor any statement which may have been made verbally or in writing is to be construed as a contract with the holders of the Notes.

Hodgson Russ LLP, of Buffalo, New York, Bond Counsel, to the District, expresses no opinion as to the accuracy or completeness of information in any documents prepared by or on behalf of the District for use in connection with the offer and sale of the Notes, including but not limited to, the financial or statistical information in this Official Statement.

R.G. Timbs, Inc. may place a copy of this Official Statement on its website at www.RGTimbsInc.net. Unless this Official Statement specifically indicates otherwise, no statement on such website is included by specific reference or constitutes a part of this Official Statement. R.G. Timbs, Inc. has prepared such website information for convenience, but no decisions should be made in reliance upon that information. Typographical or other errors may have occurred in converting original source documents to digital format, and neither the School District nor R.G. Timbs, Inc. assumes any liability or responsibility for errors or omissions on such website. Further, R.G. Timbs, Inc. and the School District disclaim any duty or obligation either to update or to maintain that information or any responsibility or liability for any damages caused by viruses in the electronic files on the website.

The School District's contact information is as follows: Michael Mansfield, Business Administrator, phone: (716) 366-9300 x2031; cell: (716) 467-2628; email: mmansfield@dunkirkcsd.org.

Additional copies of the Notice of Sale and the Official Statement may be obtained from the offices of R.G. Timbs, Inc., telephone number (877) 315-0100 or at www.RGTimbsInc.net.

INDEPENDENT AUDITORS' REPORT

The Board of Education
Dunkirk City School District, New York:

Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of the governmental activities and each major fund of the Dunkirk City School District, New York (the "District"), as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the District, as of June 30, 2025, and the respective changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS") and the standards applicable to financial audits contained in *Government Auditing Standards* ("GAS"), issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Emphasis of Matter

As discussed in Note 2 to the financial statements, during the year ended June 30, 2025, the District implemented Governmental Accounting Standards Board ("GASB") Statement No. 101, *Compensated Absences*. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and GAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and GAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis and other Required Supplementary Information, as listed in the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other

knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The Supplementary Information, as listed in the table of contents, is presented for purposes of additional analysis and is not a required part of the basic financial statements.

The Supplementary Information, as listed in the table of contents, is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Supplementary Information, as listed in the table of contents, is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated October 14, 2025 on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

October 14, 2025

DUNKIRK CITY SCHOOL DISTRICT, NEW YORK
Management's Discussion and Analysis
Year Ended June 30, 2025

As management of the Dunkirk City School District, New York (the "District"), we offer readers of the District's financial statements this narrative overview and analysis of the financial activities of the District for the fiscal year ended June 30, 2025. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in the District's financial statements, which follow this narrative. For comparative purposes, certain data from the prior year has been reclassified to conform with the current year presentation.

Financial Highlights

- The assets and deferred outflows of resources of the District exceeded its liabilities and deferred inflows of resources at June 30, 2025 by \$65,576,650 (*net position*). This consists of \$39,955,344 net investment in capital assets, \$25,600,723 restricted for specific purposes and unrestricted net position of \$20,583.
- The District's net position increased by \$4,695,550 during the year ended June 30, 2025.
- At the close of the current fiscal year, the District's governmental funds reported combined ending fund balances of \$31,312,418, an increase of \$877,938 in comparison with the prior year's fund balance of \$30,434,480.
- At the end of the current fiscal year, *unassigned fund balance* for the General Fund was \$2,425,000, or approximately 4.3 percent of total General Fund expenditures and transfers out. This total amount is *available for spending* at the District's discretion and constitutes approximately 11.7 percent of the General Fund's total fund balance of \$20,758,667 at June 30, 2025.
- The District's long-term bonded indebtedness decreased by \$4,305,000 as a result of scheduled principal payments.

Overview of the Financial Statements

The discussion and analysis provided here are intended to serve as an introduction to the District's basic financial statements. The District's basic financial statements comprise of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements—The *government-wide financial statements* are designed to provide readers with a broad overview of the District's finances, in a manner similar to a private-sector business.

The *statement of net position* presents financial information on all of the District's assets, liabilities, and deferred inflows/outflows of resources, with the difference reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

The *statement of activities* presents information showing how the District's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of related cash flows*. Thus, revenues and expenses are reported for some items that will only result in cash flows in future fiscal periods (e.g., earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the District that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The governmental activities of the District include general support, instruction, pupil transportation, community services, school food service, student activities, and interest and other fiscal charges. The District does not engage in any business-type activities.

The government-wide financial statements can be found on pages 12 and 13 of this report.

Fund financial statements—A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the District are considered governmental funds.

Governmental funds—*Governmental funds* are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on *near-term inflows and outflows of spendable resources*, as well as on *balances of spendable resources* available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental funds' balance sheet and the governmental funds' statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

The District maintains five individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General Fund, Special Aid Fund, School Lunch Fund, Student Activities Fund, and Capital Projects Fund, all of which are considered to be major funds.

The basic governmental fund financial statements can be found on pages 14-17 of this report.

Notes to the financial statements—The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 18-43 of this report.

Other information—In addition to the basic financial statements and accompanying notes, this report also presents certain *required supplementary information* concerning the District's net pension liabilities/(assets), the changes in the District's total other postemployment benefits ("OPEB") obligation, and the District's budgetary comparison for the General Fund. Required supplementary information and related notes to the required supplementary information can be found on pages 44-51 of this report.

Supplementary information is presented immediately following the Required Supplementary Information in the Supplementary Information section of this report on pages 52-54.

Government-wide Financial Analysis

As noted earlier, net position over time may serve as useful indicator of a government's financial position. In the case of the District, assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$65,576,650 at June 30, 2025, as compared to \$60,881,100 at the close of the fiscal year ended June 30, 2024 (as restated).

Table 1, shown below, presents the condensed statements of net position of the District at June 30, 2025 and June 30, 2024.

Table 1—Condensed Statements of Net Position

	June 30,	
	2025	2024 (as restated)
Current assets	\$ 36,429,556	\$ 35,947,867
Noncurrent assets	63,413,902	59,863,353
Total assets	99,843,458	95,811,220
Deferred outflows of resources	10,084,423	11,802,972
Current liabilities	3,656,111	3,624,975
Noncurrent liabilities	34,182,094	39,054,853
Total liabilities	37,838,205	42,679,828
Deferred inflows of resources	6,513,026	4,053,264
Net position:		
Net investment in capital assets	39,955,344	35,632,180
Restricted	25,600,723	24,907,261
Unrestricted	20,583	341,659
Total net position	\$ 65,576,650	\$ 60,881,100

The largest portion of the District's net position, \$39,955,344, reflects its investment in capital assets (e.g. land, buildings, improvements and equipment), net of accumulated depreciation, and less any related outstanding debt used to acquire those assets. The District uses these capital assets to provide a variety of services to students. Accordingly, these assets are not available for future spending. Although the District's investment in capital assets is reported net of related debt, it should be noted that the resources to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

An additional portion of the District's net position, \$25,600,723, represents resources that are subject to external restrictions imposed by laws and regulations of other governments, through constitutional provisions or enabling legislation.

The remaining portion of the District's net position represents resources that are unrestricted and may be used to meet the District's ongoing obligations to citizens and creditors. Unrestricted net position of \$20,583 represents resources that may be used to meet the District's ongoing obligations.

Table 2, as presented below, shows the changes in net position for the years ended June 30, 2025 and June 30, 2024.

Table 2—Condensed Statements of Changes in Net Position

	Year Ended June 30,	
	2025	2024
Program revenues:		
Charges for services	\$ 302,925	\$ 335,543
Operating grants and contributions	10,523,322	14,260,511
General revenues	<u>56,865,767</u>	<u>53,778,730</u>
Total revenues	<u>67,692,014</u>	<u>68,374,784</u>
Program expenses	<u>62,996,464</u>	<u>63,602,272</u>
Change in net position	4,695,550	4,772,512
Net position—beginning	60,881,100	61,702,976
Restatement	<u>-</u>	<u>(5,594,388)</u>
Net position—ending	<u>\$ 65,576,650</u>	<u>\$ 60,881,100</u>

Overall revenues decreased by 1.0 percent due primarily due to decreases in operating grants and contributions related to pandemic aid. Total expenses decreased 1.0 percent from the year ended June 30, 2024, primarily due to decreases in allocable employee benefits.

A summary of sources of revenues for the years ended June 30, 2025 and June 30, 2024 is presented below in Table 3:

Table 3—Summary of Sources of Revenues

	Year Ended June 30,		Increase/(Decrease)	
	2025	2024	Dollars	Percent (%)
Charges for services	\$ 302,925	\$ 335,543	\$ (32,618)	(9.7)
Operating grants and contributions	10,523,322	14,260,511	(3,737,189)	(26.2)
Real property taxes	9,279,795	8,939,841	339,954	3.8
Real property tax items	1,883,626	1,834,414	49,212	2.7
Use of money and property	1,284,401	1,309,011	(24,610)	(1.9)
Sale of property and compensation for loss	94,489	40,976	53,513	130.6
Miscellaneous	541,335	284,375	256,960	90.4
State sources—unrestricted	<u>43,782,121</u>	<u>41,370,113</u>	<u>2,412,008</u>	5.8
Total revenues	<u>\$ 67,692,014</u>	<u>\$ 68,374,784</u>	<u>\$ (682,770)</u>	(1.0)

The most significant source of revenue for the year ended June 30, 2025 were State sources—unrestricted of \$43,782,121, or 64.7 percent of total revenues, and operating grants and contributions of \$10,523,322, or 15.5 percent of total revenues. Similarly, for the year ended June 30, 2024 the largest sources of revenue were State sources—unrestricted of \$41,370,113, or 60.5 percent of total revenues, and operating grants and contributions of \$14,260,511, or 20.9 percent of total revenues.

A summary of program expenses for the years ended June 30, 2025 and June 30, 2024 is presented below in Table 4:

Table 4—Summary of Program Expenses

	Year Ended June 30,		Increase/(Decrease)	
	2025	2024	Dollars	Percent (%)
General support	\$ 6,555,327	\$ 6,661,031	\$ (105,704)	(1.6)
Instruction	51,855,074	52,233,651	(378,577)	(0.7)
Pupil transportation	2,218,516	2,023,962	194,554	9.6
Community services	41,032	25,142	15,890	63.2
School food service	1,392,879	1,586,543	(193,664)	(12.2)
Student activities	119,532	139,974	(20,442)	(14.6)
Interest and other fiscal charges	814,104	931,969	(117,865)	(12.6)
Total program expenses	<u>\$ 62,996,464</u>	<u>\$ 63,602,272</u>	<u>\$ (605,808)</u>	(1.0)

The District’s significant expense items for the year ended June 30, 2025 were instruction of \$51,855,074, or 82.3 percent of total expenses and general support of \$6,555,327, or 10.4 percent of total expenses. Similarly, for the year ended June 30, 2024 significant expense items were instruction of \$52,233,651, or 82.1 percent of total expenses and general support of \$6,661,031, or 10.5 percent of total expenses.

Financial Analysis of Governmental Funds

As noted earlier, the District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds—The focus of the District’s *governmental funds* is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the District’s financing requirements. In particular, *unassigned fund balance* and *fund balance assigned for specific use* in special revenue funds may serve as a useful measure of a government’s net resources available for discretionary use as they represent the portion of fund balance which has not yet been limited to use for a particular purpose by an external party, the District itself, or a group or individual that has been delegated authority to assign resources for particular purposes by the Board of Education.

As of June 30, 2025, the District’s governmental funds reported combined ending fund balances of \$31,312,418, an increase of \$877,938 from the prior year. Approximately 7.7 percent of this amount, \$2,425,000, constitutes *unassigned fund balance*, which is available for spending at the District’s discretion. The remainder of fund balance is *nonspendable, restricted*, or *assigned* to indicate that it is 1) not in spendable form, \$7,870, 2) restricted for particular purposes, \$25,706,498, or 3) assigned for particular purposes, \$3,173,050.

The General Fund is the chief operating fund of the District. At the end of the current fiscal year, unassigned fund balance of the General Fund was \$2,425,000, while total General Fund fund balance increased to \$20,758,667. As a measure of the General Fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total General Fund expenditures. Unassigned fund balance represents 4.3 percent of total General Fund expenditures and transfers out, while total fund balance represents 37.0 percent of that same amount.

The total fund balance of the District's General Fund increased by \$2,211,864 during the current fiscal year. During the annual budget process, the District anticipated utilizing \$2,094,691 of fund balance, which included funds appropriated from unassigned fund balance (\$2,043,540) and the re-appropriation of prior year's encumbrances (\$51,151). Primarily as a result of spending less on employee benefits than expected, the District's fund balance ended \$4,306,555 higher than anticipated.

Similar to the prior year, at June 30, 2025, the District's Special Aid Fund reported no fund balance. Special Aid Fund expenditures for the year ended June 30, 2025 amounted to \$7,600,655, as compared to prior year expenditures of \$10,376,408. The decrease in expenditures is primarily due to decreases in spending of COVID-19 pandemic-related Federal funding for various programs. These expenditures were supported by intergovernmental aid of \$7,514,709 and a transfer of \$85,946 from the General Fund.

At June 30, 2025, the District's School Lunch Fund reported a fund balance of \$982,235, an increase of \$165,590 from the prior year. Nonspendable fund balance of \$7,870 is reported to reflect the amounts of inventory not in spendable form, and the remaining \$950,604 is reported as fund balance assigned for specific school food service use and \$23,761 for encumbrances.

The Student Activities Fund is used to account for extraclassroom transactions, which represents funds of the students of the District. The Student Activities Fund total fund balance is \$120,816 as of June 30, 2025, which is classified as restricted for student activities.

The fund balance in the Capital Projects Fund decreased \$1,500,320 from June 30, 2024 due to capital outlay exceeding interest earnings and transfers in from the General Fund. The ending fund balance in the Capital Projects Fund was \$9,450,700.

General Fund Budgetary Highlights

The District's General Fund budget generally contains budget amendments during the year. The budget is allowed to be amended upward (increased) for prior year's encumbrances since the funds were allocated under the previous year's budget, and the District has appropriately assigned an equal amount of fund balance at year-end for the purpose. A summary of revisions from the adopted budget to final budget is presented in Table 5 below:

Table 5—General Fund Budget

Adopted budget, 2024-2025	\$ 58,770,000
Add: Prior year's encumbrances	<u>51,151</u>
Original budget, 2024-2025	58,821,151
Budget revisions	<u>-</u>
Final budget, 2024-2025	<u>\$ 58,821,151</u>

More detailed information about the District's General Fund is presented in the Schedule of Revenues, Expenditures, and Changes in Fund Balance—Budget (Non-GAAP Basis) and Actual—General Fund within the Required Supplementary Information section of this report.

Capital Asset and Debt Administration

Capital Assets—The District's investment in capital assets for its governmental activities as of June 30, 2025, amounted to \$59,964,919 (net of accumulated depreciation). This investment in capital assets includes land, construction in progress, buildings, site improvements, and furniture and equipment. All depreciable capital assets were depreciated from the year of acquisition to the end of the current year as outlined in the District's capital asset policy.

Capital assets, net of depreciation for the governmental activities at June 30, 2025 and June 30, 2024 are presented below in Table 6:

Table 6—Summary of Capital Assets (Net of Accumulated Depreciation)

	June 30,	
	2025	2024
Land	\$ 81,502	\$ 81,502
Construction in progress	11,558,477	9,525,471
Buildings	44,349,629	46,525,259
Site improvements	2,104,240	2,152,504
Furniture and equipment	1,871,071	1,578,617
Total	<u>\$ 59,964,919</u>	<u>\$ 59,863,353</u>

Additional information on the District's capital assets can be found in Note 5 to the financial statements.

Long-term liabilities—At June 30, 2025, the District had total long-term liabilities of \$34,182,094, as compared to \$39,054,853 in the prior year (as restated). The District made scheduled principal payments of \$4,305,000.

A summary of the District's long-term liabilities at June 30, 2025 and June 30, 2024 is presented below in Table 7.

Table 7—Summary of Long-Term Liabilities

	June 30,	
	2025	2024 (as restated)
Serial bonds	\$ 18,535,000	\$ 22,840,000
Premium on serial bonds	1,632,322	1,842,081
Bonds payable, net	20,167,322	24,682,081
Compensated absences	6,450,906	6,064,186
Retirement incentive payable	425,000	190,000
Other postemployment benefits obligation	4,780,281	4,849,307
Net pension liability	2,358,585	3,269,279
Total	<u>\$ 34,182,094</u>	<u>\$ 39,054,853</u>

Additional information on the District's long-term liabilities can be found in Note 10 to the financial statements.

Economic Factors and Next Year's Budgets and Rates

The unemployment rate, which is not seasonally adjusted, for Chautauqua County at June 30, 2025 was 3.5 percent. This compares to New York State's unemployment rate of 3.8 percent. These factors, as well as others, are considered in preparing the District's budget.

During the current fiscal year, the District appropriated \$1,926,856 of the General Fund's unassigned fund balance for spending in the District's 2025-2026 fiscal year budget. The 2025-2026 adopted budget appropriations total of \$60,625,000 is an approximate increase of 3.2 percent as compared to adopted budget appropriations of \$58,770,000 in 2024-2025. The District's total tax levy in 2025-2026 is \$11,194,506, which is an approximate increase of 0.01 percent as compared to \$11,138,327 levied during the 2024-2025 year.

Requests for Information

This financial report is designed to provide our taxpayers, customers and creditors with a general overview of the District's finances and to show the District's accountability for the money it receives. Questions concerning any of the information in this report, or requests for additional financial information should be addressed to Brian Swatland, Superintendent of Schools, 620 Marauder Drive, Dunkirk, NY 14048.

DUNKIRK CITY SCHOOL DISTRICT, NEW YORK
Reconciliation of the Balance Sheet—Governmental Funds
to the Government-wide Statement of Net Position
June 30, 2025

Amounts reported for governmental activities in the statement of net position (page 12) are different because:

Total fund balances—governmental funds (page 14)		\$ 31,312,418
Net pension assets are not current financial resources and, therefore, are not reported in the fund statements.		3,448,983
Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the fund statements. The cost of the assets is \$103,288,901 and the accumulated depreciation is \$43,323,982.		59,964,919
Deferred charges associated with the refunding of bonds are not reported in the governmental funds. The charge is reported as a deferred outflow of resources on the statement of net position and is recognized as a component of interest expense over the life of the related debt.		122,511
Deferred outflows and inflows of resources related to pensions are applicable to future periods and, therefore, are not reported in the fund statements:		
Deferred outflows related to employer contributions	\$ 2,647,468	
Deferred outflows related to experience, changes of assumptions, investment earnings, and changes in proportion	6,830,086	
Deferred inflows of resources related to pension plans	<u>(4,621,387)</u>	4,856,167
Deferred outflows and inflows of resources related to OPEB are applicable to future periods and, therefore, are not reported in the fund statements.		
Deferred outflows related to employer contributions	\$ 73,726	
Deferred outflows related to experience and changes of assumptions	410,632	
Deferred inflows related to experience and changes of assumptions	<u>(987,856)</u>	(503,498)
Amounts relating to taxes receivable have not met the revenue recognition criteria for fund financial purposes and, therefore, have been deferred. However, these revenues are recorded in the government-wide financial statements which report on the full accrual basis of accounting. This is the amount of revenues deferred in the funds, but recognized in the government-wide presentation.		593,364
Net accrued interest expense for serial bonds is not recognized in the fund statements.		(36,120)
Long-term liabilities are not due and payable in the current period and, therefore, are not reported in the fund statements. The effects of these items are:		
Serial bonds	\$ (18,535,000)	
Premium on serial bonds	(1,632,322)	
Compensated absences	(6,450,906)	
Retirement incentive payable	(425,000)	
Other postemployment benefits obligation	(4,780,281)	
Net pension liability	<u>(2,358,585)</u>	<u>(34,182,094)</u>
Net position of governmental activities		<u>\$ 65,576,650</u>

The notes to the financial statements are an integral part of this statement.

DUNKIRK CITY SCHOOL DISTRICT, NEW YORK
Reconciliation of the Statement of Revenues, Expenditures, and Changes in
Fund Balances—Governmental Funds to the Government-wide Statement of Activities
Year Ended June 30, 2025

Amounts reported for governmental activities in the statement of activities (page 13) are different because:

Net change in fund balances—total governmental funds (page 16) \$ 877,938

Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays exceeded loss on disposal of assets and depreciation expense in the current period.

Capital asset additions	\$ 2,683,596	
Loss on disposal of assets	(18,920)	
Depreciation expense	<u>(2,563,110)</u>	101,566

Net differences between pension contributions recognized on the fund financial statements and the government-wide financial statements are as follows:

District pension contributions	\$ 3,129,023	
Employee contributions net of benefits earned	<u>(2,513,192)</u>	615,831

Deferred outflows and inflows of resources relating to OPEB result from actuarial changes in the census, changes in medical premiums that are different than expected healthcare cost trend rates, and changes in assumptions and other inputs. These amounts are shown net of current year amortization. (520,160)

For refunding bonds, the difference between the reacquisition price and the net carrying amount of the old debt should be reported as a deferred charge on the government-wide statements and recognized as a component of interest expense over the remaining life of the old debt or the life of the new debt, which ever is shorter. (40,838)

Governmental funds recognize revenues only if they are both measurable and available after the end of the fiscal year; however, the government-wide statements recognize revenue on an accrual basis. This is the effect of the change in deferred revenue during the current year. (301,034)

In the statement of activities, interest expense is recognized as it accrues, regardless of when it is paid. 182

The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. Additionally, in the statement of activities, certain operating expenses are measured by the amounts earned during the year. In the governmental funds, however, expenditures for these items are measured by the amount of financial resources used (essentially, the amounts actually paid). The net effect of these differences in the treatment of long-term debt and the related items is as follows:

Repayment of serial bonds	\$ 4,305,000	
Amortization of premiums on serial bonds	209,759	
Change in compensated absences	(386,720)	
Change in retirement incentive payable	(235,000)	
Change in other postemployment benefits obligation	<u>69,026</u>	<u>3,962,065</u>

Change in net position of governmental activities \$ 4,695,550

The notes to the financial statements are an integral part of this statement.

**** THIS PAGE INTENTIONALLY LEFT BLANK ****

DUNKIRK CITY SCHOOL DISTRICT, NEW YORK
Notes to the Financial Statements
Year Ended June 30, 2025

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The basic financial statements of Dunkirk City School District, New York (the “District”) have been prepared in conformity with accounting principles generally accepted in the United States of America (“U.S. GAAP”) as applied to governmental units. The Governmental Accounting Standards Board (“GASB”) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The more significant of the District’s accounting policies are described below.

Description of Government-wide Financial Statements

The government-wide financial statements (i.e., statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the District. All fiduciary activities are reported only in the fund financial statements. *Governmental activities*, which are normally supported by taxes, intergovernmental revenues, and other nonexchange transactions, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges to external customers for support. Likewise, the primary government is reported separately from the legally separate component units for which the primary government is financially accountable. The District reports no business-type activities, fiduciary activities, or component units.

Reporting Entity

The District is governed by the Education Law and other laws of the State of New York. The governing body is the Board of Education. The scope of activities included within the accompanying financial statements are those transactions which comprise District operations, and are governed by, or significantly influenced by, the Board of Education.

Essentially, the primary function of the District is to provide education for pupils. Support services such as transportation of pupils, food services, administration, finance, and plant maintenance are also included.

The financial reporting entity includes all funds, functions and organizations over which the District officials exercise oversight responsibility. Oversight responsibility is determined on the basis of financial interdependency, selection of governing authority, designation of management, ability to significantly influence operations and accountability for fiscal matters.

Extraclassroom Activity Funds—The Extraclassroom Activity Funds of the District represent funds of the students of the District. The Board of Education exercises general oversight of these funds. The Extraclassroom Activity Funds are independent of the District with respect to its financial transactions and the designation of student management; however, since the District has administrative involvement with these funds they are reported within the District’s Student Activities Fund. Separate audited financial statements (cash basis) of the Extraclassroom Activity Funds can be found at the District’s business office.

Joint Venture—The District is one of 27 participating school districts in the Erie No. 2 — Chautauqua—Cattaraugus Board of Cooperative Education Services (“BOCES”). Formed under Section 1950 of Education Law, a BOCES is a voluntary cooperative association of school districts in

a geographic area that shares planning, services, and programs, and also provides educational and support activities. There is no authority or process by which the District can terminate its status as a component of BOCES. All BOCES property is held by the BOCES Board as a corporation under section 190(6) of Education Law.

The component school district boards elect the members of the BOCES governing body. There are no equity interests and no single participant controls the financial or operating policies. In addition, BOCES Boards are considered municipal corporations to permit them to contract with other municipalities on a cooperative basis under Section 119-n(a) of General Municipal Law.

The BOCES budget is comprised of separate spending plans for administrative, program, and capital costs. Each component school district shares in administrative and capital costs determined by its enrollment. Participating districts are charged a service fee for programs in which students participate, and for other shared contracted administrative services. Participating districts may also issue debt on behalf of BOCES. As of June 30, 2025, there was no debt issued by the District on behalf of BOCES.

During the fiscal year ended June 30, 2025, the District was billed \$8,375,919 for BOCES administrative and program costs and recognized \$296,819 in revenue as a refund from prior years' expenditures paid to BOCES. Audited financial statements are available from the BOCES administrative offices.

Basis of Presentation – Government-wide Financial Statements

While separate government-wide and fund financial statements are presented, they are interrelated. The governmental activities column incorporates data from governmental funds. Separate financial statements are provided for governmental funds.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are payments and charges between the District's various functions. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Basis of Presentation – Fund Financial Statements

The fund financial statements provide information about the District's funds. The emphasis of fund financial statements is on major governmental funds, each displayed in a separate column. All of the District's funds are considered to be major governmental funds.

The District reports the following major governmental funds:

- *General Fund*—The General Fund constitutes the primary operating fund of the District and includes all operations not required to be recorded in other funds. The principal source of revenue for the General Fund is state sources.
- *Special Aid Fund*—The Special Aid Fund is used to account for special operating projects or programs supported in whole, or in part, with federal and state grants.
- *School Lunch Fund*—The School Lunch Fund is used to account for transactions of the District's food service operations.

- *Student Activities Fund*—The Student Activities Fund is used to account for extraclassroom transactions, which represents funds of the students of the District. The District exercises administrative involvement over these funds.
- *Capital Projects Fund*—The Capital Projects Fund is used to account for financial resources to be used for the acquisition, construction or renovation of major capital facilities or equipment.

During the course of operations the government has activity between funds for various purposes. Any residual balances outstanding at year-end are reported as due from/to other funds and advances to/from other funds. While these balances are reported in the fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Balances between the funds included in governmental activities are eliminated so that only the net amount is included as internal balances in the governmental activities column.

Further, certain activity occurs during the year involving transfers of resources between funds. In the fund financial statements these amounts are reported at gross amounts as transfers in/out. While reported in the fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Transfers between the funds included in governmental activities are eliminated so that only the net amount is included as transfers in the governmental activities column.

Measurement Focus and Basis of Accounting

The accounting and financial reporting treatment is determined by the applicable measurement focus and basis of accounting. Measurement focus indicates the type of resources being measured such as *current financial resources* or *economic resources*. The basis of accounting indicates the timing of transactions or events for recognition in the financial statements.

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenue in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

The governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are generally considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 60 days of the end of the current fiscal period except for real property taxes which are considered available if they are received within a year of the end of the current fiscal year. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences, long-term retirement incentives, claims and judgments and pension costs, are recorded only when payment is due. General capital asset acquisitions are reported as expenditures in governmental funds. Issuance of long-term debt and acquisitions under capital leases are reported as other financing sources.

Property taxes, charges for services provided, and state and federal aid associated with the current fiscal period are all considered susceptible to accrual and have been recognized as revenues of the current fiscal period except for property taxes received after one year of the end of the current fiscal

year which are recognized as deferred inflows of resources. Entitlements are recorded as revenues when all eligibility requirements are met and the amount is received during the period or within the period of availability (within 60 days of year-end). Expenditure driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other eligibility requirements are met and amount is received during the period of availability (within 60 days of year-end). All other revenue items are considered to be measurable and available only when cash is received by the District.

Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position/Fund Balance

Cash, Cash Equivalents and Investments—The District’s cash and cash equivalents consist of cash on hand, demand deposits, time deposits and short-term, highly liquid investments with original maturities of three months or less from the date of acquisition. New York State law governs the District’s investment policies. Permissible investments include obligations of the United States Treasury, United States Agencies, repurchase agreements and obligations of New York State or its localities. The District had no investments at June 30, 2025; however, when the District does have investments they are recorded at fair value in accordance with GASB.

Restricted Cash and Cash Equivalents—Restricted cash and cash equivalents represent unspent proceeds of debt, amounts to support restricted fund balances, and unearned revenues.

Receivables—Receivables are shown net of an allowance for uncollectible accounts, when applicable. No allowance or uncollectible accounts has been provided since it is believed that such allowance would not be material.

Inventories—Inventories of food and/or supplies in the School Lunch Fund are recorded at cost on a first-in, first-out basis or, in the case of surplus food, at stated value which approximates market. Purchases of inventory items in other funds are recorded as expenditures at the time of purchase, and year-end balances are not maintained.

Capital Assets—Capital assets, which include land, construction in progress, buildings, site improvements and furniture and equipment are reported in the government-wide financial statements. Capital assets are defined by the District as assets with an initial individual cost of more than \$5,000 and an estimated useful life in excess of five years.

Such assets are recorded at historical cost or estimated historical cost. The reported value excludes normal maintenance and repairs, which are essentially amounts spent in relation to capital assets that do not increase the capacity or efficiency of the item or extend its estimated useful life. Donated capital assets are recorded at acquisition value. Major outlays for capital assets and improvements are capitalized as projects are completed.

Land and construction in progress are not depreciated. The other property, plant, equipment, and infrastructure of the primary government are depreciated using the straight line method over the useful lives presented below:

	Capitalization Threshold	Estimated Useful Life (Years)
Buildings	\$ 5,000	20-40
Site improvements	5,000	15-20
Furniture and equipment	5,000	5-20

The *capital outlays* character classification is employed only for expenditures reported in the Capital Projects Fund. Routine capital expenditures in the General Fund and other governmental funds are included in the appropriate functional category (for example, the purchase of a new school bus included as part of *expenditures—pupil transportation*). The amount reported as *capital outlays* in the Capital Projects Fund will also include non-capitalized, project-related costs (for example, furnishings).

Deferred Outflows/Inflows of Resources—In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period(s) and so will *not* be recognized as an outflow of resources (expense/expenditure) until then. At June 30, 2025, the District has three items that qualify for reporting in this category. The first item is related to pensions reported in the government-wide financial statements. This represents the effect of the net change in the District's proportion of the collective net pension asset or liability, and the difference during the measurement period between the District's contributions and its proportionate share of the total contribution to the pension systems not included in the pension expense, and any contributions to the pension system made subsequent to the measurement date. The second item is related to OPEB reported in the government-wide financial statements and represents the effects of the change in the District's proportion of the collective OPEB liability and difference during the measurement period between certain employer's contributions and its proportionate share of the total of certain contributions from employers included in the collective OPEB liability. The final item is a deferred charge on refunding which the District reports within the government-wide financial statements. A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period(s) and so will *not* be recognized as an inflow of resources (revenue) until that time. At June 30, 2025, the District has four items that qualify for reporting in this category. The first item represents the effect of the net change in the District's proportion of the collective net pension asset or liability and the difference during the measurement periods between the District's contributions and its proportionate share of total contributions to the pension systems not included in pension expense and is reported on the government-wide statements. The second item, which is also reported on the government-wide statements, represents the effects of the change in the District's proportion of the collective OPEB liability. The third item is related to leases receivable and reported on the government-wide statements and on the balance sheet of governmental funds, is recognized at the commencement of the District's lease receivable and amortized over the life of the lease. The final item, reported on the balance sheet of governmental funds, represents taxes receivable that the District does not expect to receive within the governmental accrual period, which in accordance with the modified accrual basis of accounting are considered deferred inflows of resources.

Net Position Flow Assumptions—Sometimes the District will fund outlays for a particular purpose from both restricted (e.g., restricted bond or grant proceeds) and unrestricted resources. In order to calculate the amounts to report as restricted-net position and unrestricted-net position in the government-wide financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the District's policy to consider restricted-net position to have been depleted before unrestricted-net position is applied.

Fund Balance Flow Assumptions—Sometimes the District will fund outlays for a particular purpose from both restricted and unrestricted resources (the total of committed, assigned, and unassigned fund balance). In order to calculate the amounts to report as restricted, committed, assigned, and unassigned fund balance in the governmental fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the District’s policy to consider restricted fund balance to have been depleted before using any of the components of unrestricted fund balance. Further, when the components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

Fund Balance Policies—Fund balance of governmental funds is reported in various categories based on the nature of any limitations requiring the use of resources for specific purposes. The District itself can establish limitations on the use of resources through either a commitment (committed fund balance) or an assignment (assigned fund balance).

The committed fund balance classification includes amounts that can be used only for the specific purposes determined by a formal action of the District’s highest level of decision-making authority. The Board of Education is the highest level of decision-making authority for the District that can, by adoption of a resolution prior to the end of the fiscal year, commit fund balance. Once adopted, the limitation imposed by the resolution remains in place until a similar action is taken (the adoption of another resolution) to remove or revise the limitation.

Amounts in the assigned fund balance classification are intended to be used by the District for specific purposes, but do not meet the criteria to be classified as committed. The Board of Education has by resolution authorized the Superintendent to assign fund balance. The Board may also assign fund balance, as it does when appropriating fund balance to cover a gap between estimated revenue and appropriations in the subsequent year’s appropriated budget. Unlike commitments, assignments generally only exist temporarily. In other words, an additional action does not normally have to be taken for the removal of an assignment. Conversely, as discussed above, an additional action is essential to either remove or revise a commitment.

Leases—The District is a lessor for a noncancellable leases of buildings. The District recognizes a lease receivable and a deferred inflow of resources in the government-wide and governmental fund financial statements. At the commencement of a lease, the District initially measures the lease receivable at the present value of payments expected to be received during the lease term. Subsequently, the lease receivable is reduced by the principal portion of lease payments received. The deferred inflow of resources is initially measured as the initial amount of the lease receivable, adjusted for lease payments received at or before the lease commencement date. Subsequently, the deferred inflow of resources is recognized as revenue over the life of the lease term.

Key estimates and judgments include how the District determines (1) the discount rate it uses to discount the expected lease receipts to present value, (2) lease term, and (3) lease receipts.

- The District uses its estimated incremental borrowing rate as the discount rate for leases.
- The lease term includes the noncancellable period of the lease.
- Lease receipts included in the measurement of the lease receivable is composed of fixed payments from the lessee.

The District monitors changes in circumstances that would require a measurement of its lease, and will remeasure the lease receivable and deferred inflows of resources if certain changes occur that are expected to significantly affect the amount of the lease receivable.

Revenues and Expenses/Expenditures

Program Revenues—Amounts reported as program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. All taxes, including those dedicated for specific purposes, and other internally dedicated resources are reported as general revenues rather than as program revenues.

Property Taxes—Real property taxes are levied annually as of July 1st by the Board of Education and attached as an enforceable lien. The city and county in which the District is located enforce uncollected real property taxes. An amount representing all uncollected real property taxes must be transmitted by the City of Dunkirk, New York to the District within two years from the return of unpaid taxes to the city. Real property taxes receivable expected to be collected within one year of year-end are recognized as revenue. Otherwise, deferred inflows of resources offset real property taxes receivable.

Unearned Revenue—Certain revenues have not met the revenue recognition criteria for government-wide or fund financial purposes. At June 30, 2025, the District reported \$479,259 and \$49,572 of unearned revenue in the General Fund and Special Aid Fund, respectively. The District billed and received a portion of payments for retiree insurance premiums in advance but has not performed the services and therefore recognizes a liability in the General Fund. Additionally, the Special Aid Fund recognizes a liability for grant awards received in advance.

Compensated Absences—The District labor agreements provide for sick leave, vacations, and other miscellaneous paid absences. Upon retirement, certain eligible employees qualify for paid health insurance premiums based upon accumulated sick leave. CSEA employees who have a minimum of 50 days of unused sick days at the time of retirement can use a maximum of 125 days to purchase medical insurance at a dollar for dollar contribution, which is recorded as compensated absences liability. Teachers and Administrators sick time may be converted to a District contribution and is also included within the compensated absences liability.

Pension Plans—The District is mandated by New York State law to participate in the New York State Teachers' Retirement System ("TRS") and the New York State Local Employees' Retirement System ("ERS"). For purposes of measuring the net pension liability/(asset), deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the defined benefit pension plans, and changes thereof, have been determined on the same basis as they are reported by the respective defined benefit pension plans. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with benefit terms. Investments are reported at fair value. More information regarding pensions is included in Note 7.

Other Postemployment Benefits—In addition to providing pension benefits, the District provides health insurance coverage for certain retired employees as discussed in Note 8.

Other

Estimates—The preparation of the financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of revenues, expenditures, assets, liabilities, deferred outflows/inflows of resources, and disclosure of contingent liabilities at the date of the financial statements during the reported period. Actual results could differ from those estimates.

Adoption of New Accounting Pronouncements—During the year ended June 30, 2025, the District implemented GASB Statement No. 101, *Compensated Absences*; and GASB Statement No. 102, *Certain Risk Disclosures*. GASB Statement No. 101 improves financial reporting by better meeting the information needs of financial statement users by updating the recognition and measurement guidance for compensated absences. That objective is achieved by aligning the recognition and measurement guidance under a unified model and by amending certain previously required disclosures. GASB Statement No. 102 improves financial reporting by providing users of financial statements with essential information that currently is not often provided. The disclosures will provide users with timely information regarding certain concentrations or constraints and related events that have occurred or have begun to occur that make a government vulnerable to a substantial impact. The impacts of the implementation of GASB Statement No. 101 are discussed in Note 2. The implementation of GASB Statement No. 102 did not have a material impact on the District’s financial position or results from operations.

Future Impacts of Accounting Pronouncements—The District has not completed the process of evaluating the impact that will result from adopting GASB Statement No. 103, *Financial Reporting Model Improvements*; and GASB Statement No. 104, *Disclosure of Certain Capital Asset*, effective for the year ending June 30, 2026. The District is, therefore, unable to disclose the impact that adopting GASB Statements No. 103 and 104 will have on its financial position and results of operations when such statements are adopted.

2. RESTATEMENT OF NET POSITION

During the year ended June 30, 2025, the District implemented GASB Statement No. 101, *Compensated Absences*. As a result of this implementation, the District restated its compensated absence liability as of June 30, 2024 by \$5,594,388. Accordingly, net position has been restated from \$66,475,488 to \$60,881,100.

3. CASH, CASH EQUIVALENTS, AND INVESTMENTS

The District’s investment policies are governed by State statutes. District monies must be deposited in FDIC-insured commercial banks or trust companies located within New York State. The District’s Business Administrator is authorized to use demand accounts and certificates of deposit. Permissible investments include obligations of the U.S. Treasury and U.S. Agencies, repurchase agreements, and obligations of New York State or its localities.

Collateral is required for demand deposit accounts, time deposit accounts and certificates of deposit at 100 percent of all deposits not covered by Federal deposit insurance. The District has entered into custodial agreements with the various banks which hold their deposits. These agreements authorize the obligation that may be pledged as collateral. Obligations that may be pledged as collateral are outlined in Chapter 623 of the laws of the State of New York. Cash and cash equivalents at June 30, 2025 are shown below:

	Governmental Funds
Petty cash (uncollateralized)	\$ 496
Deposits	30,074,704
Total	<u>\$ 30,075,200</u>

Deposits—All deposits are carried at fair value, and are classified by custodial credit risk at June 30, 2025 as shown below:

	Bank Balance	Carrying Amount
FDIC insured	\$ 250,000	\$ 250,000
Uninsured:		
Collateral held by pledging bank's agent in the District's name	31,219,436	29,824,704
Total	<u>\$ 31,469,436</u>	<u>\$ 30,074,704</u>

Custodial Credit Risk—Deposits—Custodial credit risk is the risk that in the event of a bank failure, the District's deposits may not be returned to it. As noted above, by State statute all deposits in excess of FDIC insurance coverage must be collateralized. At June 30, 2025, the District's deposits were either FDIC insured or collateralized with securities held by the pledging bank's agent in the District's name.

Restricted Cash and Cash Equivalents—The District reports unspent proceeds of debt, amounts to support restricted fund balances, and unearned revenues as restricted cash and cash equivalents. At June 30, 2025, the District reported \$26,305,868 of restricted cash within its governmental funds.

Investments—The District had no investments at June 30, 2025.

Interest Rate Risk—In accordance with its investment policy, the District manages exposures by limiting investments to low risk type investments governed by New York State statutes.

4. RECEIVABLES

Revenues accrued by the District at June 30, 2025 consisted of the following:

Receivables—Represents amounts due for student tuition and retiree's portion of health insurance premiums. The District reported \$157,575 in the General Fund.

Taxes Receivable—Represents taxes due in the amount of \$593,364. These amounts are recognized as revenue when the amounts are both measurable and available. At June 30, 2025, the District reported a deferred inflow of resources on the governmental fund financial statements in the amount of \$593,364, which represents taxes receivable that the District does not expect to receive within 60 days of year-end, in accordance with the modified accrual basis of accounting.

Lease Receivable—The District recognizes the lease of a building to a third party. The lease has ten remaining years and the District will receive quarterly payments of \$153,781. The District recognized \$126,533 in lease revenue and \$39,609 in interest revenue during the current fiscal year related to this lease. As of June 30, 2025, the District's receivable for lease payments was \$970,517. Also, the District has a deferred inflow of resources associated with this lease that will be recognized as revenue over the lease term. As of June 30, 2025, the balance of the deferred inflow of resources was \$903,783.

Intergovernmental Receivables—Represents amounts due from other units of government, such as Federal, New York State and other local governments. Intergovernmental receivables at June 30, 2025 are:

General Fund:			
State aid—BOCES	\$	1,653,092	
State aid—excess cost		1,441,370	
State aid—other		35,226	
Dunkirk Housing Authority PILOT		<u>20,000</u>	\$ 3,149,688
Special Aid Fund:			
State aid		195,109	
Federal aid		<u>1,146,566</u>	1,341,675
School Lunch Fund:			
State aid		2,568	
Federal aid		<u>131,099</u>	<u>133,667</u>
Total governmental funds			<u>\$ 4,625,030</u>

5. CAPITAL ASSETS

Capital asset activity for governmental activities for the year ended June 30, 2025 was as follows:

	Balance 7/1/2024	Increases	Decreases	Balance 6/30/2025
Capital assets, not being depreciated:				
Land	\$ 81,502	\$ -	\$ -	\$ 81,502
Construction in progress	<u>9,525,471</u>	<u>2,033,006</u>	<u>-</u>	<u>11,558,477</u>
Total capital assets, not being depreciated	<u>9,606,973</u>	<u>2,033,006</u>	<u>-</u>	<u>11,639,979</u>
Capital assets, being depreciated:				
Buildings	82,191,261	-	-	82,191,261
Site improvements	4,487,316	103,422	-	4,590,738
Furniture and equipment	<u>4,429,645</u>	<u>547,168</u>	<u>109,890</u>	<u>4,866,923</u>
Total capital assets, being depreciated	<u>91,108,222</u>	<u>650,590</u>	<u>109,890</u>	<u>91,648,922</u>
Less accumulated depreciation for:				
Buildings	35,666,002	2,175,630	-	37,841,632
Site improvements	2,334,812	151,686	-	2,486,498
Furniture and equipment	<u>2,851,028</u>	<u>235,794</u>	<u>90,970</u>	<u>2,995,852</u>
Total accumulated depreciation	<u>40,851,842</u>	<u>2,563,110</u>	<u>90,970</u>	<u>43,323,982</u>
Total capital assets being depreciated, net	<u>50,256,380</u>	<u>(1,912,520)</u>	<u>18,920</u>	<u>48,324,940</u>
Governmental activities capital assets, net	<u>\$ 59,863,353</u>	<u>\$ 120,486</u>	<u>\$ 18,920</u>	<u>\$ 59,964,919</u>

Depreciation expense was charged to the functions and programs of governmental activities as follows:

General support	\$ 268,453
Instruction	2,233,430
School food service	<u>61,227</u>
Total	<u>\$ 2,563,110</u>

6. ACCRUED LIABILITIES

Accrued liabilities reported by governmental funds at June 30, 2025, were as follows:

	General	Special Aid	School Lunch	Total
	Fund	Fund	Fund	Governmental
				Funds
Salaries and employee benefits	<u>\$ 197,153</u>	<u>\$ 4,966</u>	<u>\$ 14,446</u>	<u>\$ 216,565</u>

7. PENSION PLANS

The District participates in the New York State Teachers' Retirement System ("TRS") and the New York State and Local Employees' Retirement System ("ERS") (the "Systems"). These cost-sharing multiple-employer public employee retirement systems compute contribution requirements based on the New York State Retirement and Social Security Law ("NYSRSSL").

Plan Descriptions and Benefits Provided

Teachers' Retirement System—TRS provides retirement benefits as well as, death and disability benefits to plan members and beneficiaries as authorized by the Education Law and the Retirement and Social Security Law of the State of New York. TRS is governed by a 10 member Board of Trustees. TRS benefits are established under New York State Law. Membership is mandatory and automatic for all full-time teachers, teaching assistants, guidance counselors and administrators employed in New York Public Schools and BOCES who elected to participate in TRS. Once a public employer elects to participate in TRS, the election is irrevocable. The New York State Constitution provides that pension membership is a contractual relationship and plan benefits cannot be diminished or impaired. Benefits can be changed for future members only by enactment of a State statute. Additional information regarding TRS, may be obtained by writing to the New York State Teachers' Retirement System, 10 Corporate Woods Drive, Albany, NY 12211-2395 or by referring to the NYSTRS Annual Comprehensive Financial report which can be found on the TRS's website at www.nystrs.org.

Employees' Retirement System—ERS provides retirement benefits as well as death and disability benefits. The net position of ERS is held in the New York State Common Retirement Fund (the "Fund"), which was established to hold all net assets and record changes in plan net position allocated to ERS. The Comptroller of the State of New York serves as the trustee of the Fund and is the administrative head of ERS. ERS benefits are established under the provisions of the New York State Retirement and Social Security Law ("NYSRSSL"). Once a public employer elects to participate in ERS, the election is irrevocable. The New York State Constitution provides that pension membership is a contractual relationship and plan benefits cannot be diminished or impaired. Benefits can be

changed for future members only by enactment of a State statute. The District also participates in the Public Employees' Group Life Insurance Plan ("GLIP"), which provides death benefits in the form of life insurance. ERS is included in the State's financial report as a pension trust fund. That report, including information with regard to benefits provided, may be found at www.osc.state.ny.us/retire/publications/index.php or obtained by writing to the New York State and Local Retirement System, 110 State Street, Albany, NY 12244.

The Systems are noncontributory except for employees who joined after July 27, 1976, who contribute three percent (3%) of their salary for the first ten years of membership, and employees who joined on or after January 1, 2010, who generally contribute three percent (3.0%) to three and one half percent (3.5%) of their salary for their entire length of service. In addition, employee contribution rates under ERS Tier VI vary based on a sliding salary scale. For TRS, contribution rates are established annually by the New York State Teachers' Retirement Board pursuant to Article 11 of the Education law. For ERS, the Comptroller annually certifies the actuarially determined rates expressly used in computing the employers' contributions based on salaries paid during the Systems' fiscal year ending March 31.

Pension Liabilities/(Asset), Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions—At June 30, 2025, the District reported the liability/(asset) as presented below for its proportionate share of the net pension liability/(asset) for each of the systems. The net pension liability/(asset) was measured as of June 30, 2024 for TRS and March 31, 2025 for ERS. The total pension liability used to calculate the net pension liability/(asset) was determined by actuarial valuations as of June 30, 2023 and April 1, 2024, respectively, with update procedures used to roll forward the total pension liability to the measurement dates. The District's proportion of the net pension liability/(asset) was based on a projection of the District's long-term share of contributions to the Systems relative to the projected contributions of all participating members, actuarially determined. This information was provided by the TRS and ERS Systems in reports provided to the District.

	TRS	ERS
Measurement date	June 30, 2024	March 31, 2025
Net pension liability/(asset)	\$ (3,448,983)	\$ 2,358,585
District's portion of the Plan's total net pension liability/(asset)	0.115598%	0.0137561%

For the year ended June 30, 2025, the District recognized pension expenses of \$1,810,840 and \$516,539 for TRS and ERS, respectively. At June 30, 2025, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the sources presented on the following page.

	Deferred Outflows of Resources		Deferred Inflows of Resources	
	TRS	ERS	TRS	ERS
Differences between expected and actual experiences	\$ 3,713,922	\$ 585,417	\$ -	\$ 27,614
Changes in assumptions	2,063,191	98,914	347,048	-
Net difference between projected and actual earnings on pension plan investments	-	185,048	3,832,114	-
Changes in proportion and differences between the District's contributions and proportionate share of contributions	124,076	59,518	344,363	70,248
District contributions subsequent to the measurement date	2,477,238	170,230	-	-
Total	<u>\$ 8,378,427</u>	<u>\$ 1,099,127</u>	<u>\$ 4,523,525</u>	<u>\$ 97,862</u>

District contributions subsequent to the measurement date will be recognized as an adjustment of the net pension liability/(asset) in the year ending June 30, 2026. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ending June 30,	TRS	ERS
2026	\$ (1,814,132)	\$ 407,148
2027	4,192,207	609,061
2028	(747,055)	(208,054)
2029	(820,527)	22,880
2030	419,400	-
Thereafter	147,771	-

Actuarial Assumptions—The total pension liability as of the measurement dates were determined by using an actuarial valuation as noted in the table below, with update procedures used to roll forward the total pension liability to the measurement date. The actuarial valuations used the actuarial assumptions:

	TRS	ERS
Measurement date	June 30, 2024	March 31, 2025
Actuarial valuation date	June 30, 2023	April 1, 2024
Interest rate	6.95%	5.90%
Salary scale	1.95%-5.18%	4.30%
Decrement tables	July 1, 2015 - June 30, 2020	April 1, 2015 - March 31, 2020
Inflation rates	2.40%	2.90%
Cost-of-living adjustments	1.30%	1.50%

For TRS, annuitant mortality rates are based on July 1, 2015 – June 30, 2020 System experience with adjustments for mortality improvements based on Society of Actuaries Scale MP-2021, applied on a generational basis. For ERS, annuitant mortality rates are based on April 1, 2015 – March 31, 2020 System’s experience with adjustments for mortality improvements based on Society of Actuaries’ Scale MP-2021.

For TRS, the actuarial assumptions used in the June 30, 2023 valuation are based on the results of an actuarial experience study for the period July 1, 2015 – June 30, 2020. For ERS, the actuarial assumptions used in the April 1, 2024 valuation are based on the results of an actuarial experience study for the period April 1, 2015 – March 31, 2020.

The long-term rate of return on pension plan investments was determined using a building block method in which best estimate ranges of expected future real rates of return (expected returns net of investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by each the target asset allocation percentage and by adding expected inflation. Best estimates of the arithmetic real rates of return for each major asset class included in the target asset allocation are summarized below:

	Target Allocation		Long-Term Expected Real Rate of Return	
	TRS	ERS	TRS	ERS
			June 30, 2024	March 31, 2025
Measurement date				
Asset class:				
Domestic equities	33.0 %	25.0 %	6.6 %	3.5 %
International equities	15.0	14.0	7.4	6.6
Global equities	4.0	0.0	6.9	0.0
Private equity	9.0	15.0	10.0	7.3
Real estate	11.0	12.0	6.3	5.0
Opportunistic portfolio/Absolute return strategies	0.0	3.0	0.0	5.3
Credit	0.0	4.0	0.0	5.4
Domestic fixed income securities	16.0	0.0	2.6	0.0
Global bonds	2.0	0.0	2.5	0.0
High-yield bonds	1.0	0.0	4.8	0.0
Private debt	2.0	0.0	5.9	0.0
Real assets	0.0	4.0	0.0	5.6
Real estate debt	6.0	0.0	3.9	0.0
Fixed income	0.0	22.0	4.8	2.0
Cash	1.0	1.0	0.5	0.3
Total	100.0 %	100.0 %		

Discount Rate—The discount rate used to calculate the total pension liability was 6.95% for TRS and 5.90% for ERS. The projection of cash flows used to determine the discount rate assumes that contributions from plan members will be made at the current contribution rates and that contributions from employers will be made at statutorily required rates, actuarially. Based upon the assumptions, the Systems’ fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore the long term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Proportionate Share of the Net Pension Liability/(Asset) to the Discount Rate Assumption—The table below presents the District’s proportionate share of the net pension liability/(asset) calculated using the discount rate of 6.95% for TRS and 5.90% for ERS, as well as what the District’s proportionate share of the net pension liability/(asset) would be if it were calculated using a discount rate that is one percentage-point lower (5.95% for TRS and 4.90% for ERS) or one percentage-point higher (7.95% for TRS and 6.90% for ERS) than the current assumption.

	1% Decrease (5.95%)	Current Assumption (6.95%)	1% Increase (7.95%)
TRS			
Employer's proportionate share of the net pension liability/(asset)	\$ 15,931,054	\$ (3,448,983)	\$ (19,748,115)
	1% Decrease (4.90%)	Current Assumption (5.90%)	1% Increase (6.90%)
ERS			
Employer's proportionate share of the net pension liability/(asset)	\$ 6,826,041	\$ 2,358,585	\$ (1,371,744)

Pension Plan Fiduciary Net Position—The components of the current-year net pension liability of the employers as of the respective valuation dates, were as follows:

	(Dollar in Thousands)	
	TRS	ERS
Valuation date	June 30, 2023	April 1, 2024
Employers' total pension liability	\$ 142,837,827	\$ 247,600,239
Plan fiduciary net position	145,821,435	230,454,512
Employers' net pension liability/(asset)	\$ (2,983,608)	\$ 17,145,727
System fiduciary net position as a percentage of total pension liability/(asset)	102.1%	93.1%

Payables to the Pension Plan—For TRS, employer and employee contributions for the fiscal year ended June 30, 2024 are paid to the System in September, October and November 2024 through a state aid intercept. Accrued retirement contributions as of June 30, 2025 represent employee and employer contributions for the fiscal year ended June 30, 2025 based on paid TRS wages multiplied by the employer’s contribution rate, by tier and employee contributions for the fiscal year as reported to the TRS System. Accrued retirement contributions as of June 30, 2025 amounted to \$2,477,238.

For ERS, employer contributions are paid annually based on the System’s fiscal year which ends on March 31st. Accrued retirement contributions as of June 30, 2025 represent the projected employer contribution for the period of April 1, 2025 through June 30, 2025 based on paid ERS wages multiplied by the employer’s contribution rate, by tier. Accrued retirement contributions as of June 30, 2025 amounted to \$170,230.

8. OTHER POSTEMPLOYMENT BENEFITS (“OPEB”) OBLIGATION

Plan Description and Benefits Provided—The District may pay for a portion of eligible retirees’ health insurance dependent upon such factors as age, years of service, accumulated sick leave and associated group or union. While benefits change over time as union contracts are renegotiated, current benefits are as follows:

- (1) *Dunkirk Teachers’ Association*—To be eligible, an employee must be eligible to retire with full benefits from NYSTRS. Unused sick leave days at the time of retirement can be used to purchase single or family medical coverage. For employees who retire with greater than 125 but less than 195 days, the District will pay 90% of POS premiums or 84% of traditional and PPO premiums (the same percentage as active employees) for 2 years. For employees who retire with greater than 195 days, the District will pay 90% of POS premiums or 84% of traditional and PPO premiums for 3 years. Once sick leave conversion days are exhausted, retirees and their spouses may remain in the plan, but will pay 100% of the premiums.
- (2) *Dunkirk Administrators’ Association*—To be eligible, an employee must be eligible to retire with full benefits from NYSTRS. For employees hired before July 1, 2008, unused sick leave days at the time of retirement can be used to purchase single or family medical coverage. For employees who retire with greater than 125 but less than 195 days, the District will pay 84% of medical coverage (the same percentage as active employees) for 2 years. For employees who retire with greater than 195 days, the District will pay 96% of medical coverage for 3 years. Once sick leave conversion days are exhausted, retirees and their spouses may remain in the plan, but will pay 100% of the premiums. For employees hired on or after July 1, 2008, unused sick leave days at the time of retirement can be used to purchase single or family medical coverage. For employees who retire with greater than 125 but less than 195 days, the District will pay 90% of POS premiums or 84% of traditional and PPO premiums (the same percentage as active employees) for 2 years. For employees who retire with greater than 195 days, the District will pay 90% of POS premiums or 84% of traditional and PPO premiums for 3 years. Once sick leave conversion days are exhausted, retirees and their spouses may remain in the plan, but will pay 100% of the premiums.
- (3) *Dunkirk CSEA*—An employee must be eligible to retire under NYSERS and have at least 10 years of service with the District. For grandfathered retiree, the District pays 100% of medical premiums for single coverage. For employees hired before July 1, 1976 and retire after October 15, 1976, the District pays 50% of medical premiums for single coverage. For employees hired on or after July 1, 1976, retirees and their spouses are eligible to continue coverage under the plan, but are responsible for the full cost of coverage. Unused sick leave days (must have at least 50 days but no more than 125 days) at the time of retirement can be used to purchase medical insurance. This benefit is not accounted for under GASB 75.

Employees Covered by Benefit Terms—At March 1, 2025, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefit payments	17
Active employees	<u>305</u>
Total	<u>322</u>

Under GASB Statement No. 75, the total OPEB liability represents the sum of expected future benefit payments, which may be attributed to past service (or “earned”), discounted to the end of the fiscal year using the current discount rate. The total OPEB liability is analogous to the Unfunded Actuarial Accrued Liability (“AAL”) under GASB Statement No. 45.

Total OPEB Liability

The District’s total OPEB liability of \$4,780,281 was measured three months prior to fiscal year end, and was determined by an actuarial valuation dated May 14, 2025, utilizing participant data measured on April 1, 2025.

Actuarial Methods and Assumptions—Calculations are based on the types of benefits provided under the terms of the substantive plan (the plan as understood by the employer and the plan members) at the time of the valuation and on the pattern of cost sharing between the employee and plan members. Calculations reflect a long-term perspective, so methods and assumptions used include techniques that are designed to reduce short-term volatility.

In the May 14, 2025 actuarial valuation, the entry age normal method, over a level percent of pay was used. The single discount rate changed from 3.98% to 4.39% effective June 30, 2025. The salary scale changed from 3.42% to 3.30% effective June 30, 2025. In order to estimate the change in the cost of healthcare, the actuaries initial healthcare cost trend rate used is 5.30%, while the ultimate healthcare cost trend rate is 3.71%.

Mortality rates were updated to Pub-2010 Public Retirement Plans Mortality Tables, headcount-weighted, distinct for teachers, general, and safety, without separate contingent survivor mortality, fully generational using scale MP-2021.

No formal experience study is prepared for the June 30, 2025 actuarial valuation.

Changes in the Total OPEB Liability—The following table presents the changes to the total OPEB liability during the fiscal year, by source:

	<u>Total OPEB Liability</u>
Balance at June 30, 2024	<u>\$ 4,849,307</u>
Changes for the year:	
Service cost	186,612
Interest	188,692
Changes of assumptions or other inputs	(130,741)
Differences between expected and actual experience	(18,687)
Benefit payments	<u>(294,902)</u>
Net changes	<u>(69,026)</u>
Balance at June 30, 2025	<u><u>\$ 4,780,281</u></u>

Sensitivity of the Total OPEB Liability to the Change in the Discount Rate and Healthcare Cost Trend Rate—The discount rate assumption can have an impact on the total OPEB liability. The table below presents the effect a 1% change in the discount rate assumption would have on the total OPEB liability.

	1% Decrease (3.39%)	Current Discount Rate (4.39%)	1% Increase (5.39%)
Total OPEB liability	\$ 5,148,169	\$ 4,780,281	\$ 4,443,448

Additionally, healthcare costs can be subject to considerable volatility over time. The table below presents the effect on the total OPEB liability a 1% change in the initial (5.10%)/ultimate (3.86%) healthcare cost trend rates.

	1% Decrease (4.30%/2.71%)	Healthcare Cost Trend Rates (5.30%/3.71%)	1% Increase (6.30%/4.71%)
Total OPEB liability	\$ 4,302,547	\$ 4,780,281	\$ 5,337,191

Funding Policy—Authorization for the District to pay a portion of retiree health insurance premiums was enacted through various union contracts as specified above, which were ratified by the District's Board of Education. The District recognizes the cost of providing these benefits by expensing the annual insurance premiums when invoiced by the health insurance provider. District governmental activities contributed \$294,902 for the fiscal year ended June 30, 2025. The District's contributions to the OPEB plan are based on negotiated contracts with three bargaining units, as discussed in Note 13. Any amendments to the employer's contributions are subject to the various contracts.

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB—The District reports deferred outflows of resources and deferred inflows of resources due to difference during the measurement period between certain employer's contributions and its proportionate share of the total of certain contributions from employers included in the collective OPEB liability. The following table presents the District's deferred outflows of resources and deferred inflows of resources at June 30, 2025:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between actual and expected experience	\$ 397,527	\$ 593,637
Changes of assumptions or other inputs	13,105	394,219
Contributions subsequent to the measurement date	73,726	-
Total	<u>\$ 484,358</u>	<u>\$ 987,856</u>

District contributions subsequent to the measurement date will be recognized as a reduction of the total OPEB liability in the year ending June 30, 2026. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Year Ending June 30,	
2026	\$ (5,858)
2027	(105,704)
2028	(105,994)
2029	(112,295)
2030	(137,522)
Thereafter	(109,851)

9. RISK MANAGEMENT

The District is exposed to various risks of loss related to damage and destruction of assets, vehicle liability, injuries to employees, health insurance, and unemployment insurance. These risks are covered by commercial insurance purchased from independent third parties. The District purchases insurance for: property, business income, equipment, public liability, employee benefit – wrongful act, crime vehicle and an umbrella liability. Property insurance has a \$5,000 deductible. The public liability insurance is limited ranging from \$10,000 to \$3,000,000 with a \$3,000,000 aggregate per location. The umbrella liability provides coverage of \$10,000,000.

There have not been any significant changes in any type of insurance coverage from the prior year, nor have there been any material settlements which have exceeded insurance coverage in the past three fiscal years.

The District participates in Chautauqua County School Districts Medical Health Plan, a non-risk-retained public entity risk pool for its employee health and accident insurance coverage. The pool is operated for the benefit of 27 individual governmental units located within the pool's geographic area, and is considered a self-sustaining risk pool that will provide coverage for its members up to \$200,000 per insured event. The pool maintains independent coverage for insured events in excess of the \$200,000 limit, and the District has essentially transferred all related risk to the pool.

The District participates in Erie No. 2 Area Schools Self-Funded Workers' Compensation Plan (the "Plan"), a risk-sharing pool, to insure Workers' Compensation claims. This is a public entity risk pool created under Article 5 of the Workers' Compensation Law, to finance liability and risks related to Workers' Compensation claims. The Erie No. 2 Area Schools Self-Funded Workers' Compensation Plan is considered a self-sustaining risk pool that will provide coverage for its members up to \$650,000 per event. The Plan maintains independent coverage for events in excess of \$650,000. The District has essentially transferred all related risk to the Plan.

10. LONG-TERM LIABILITIES

In the government-wide financial statements, long-term debt and other long-term obligations are reported as noncurrent liabilities in the statement of net position.

In the fund financial statements, governmental funds recognize bond premiums and discounts during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources, while discounts on debt issuances are reported as other financing uses. Further, the unmatured principal of general long-term debt does not require current appropriation and expenditure of governmental fund financial resources.

The District's outstanding long-term liabilities include serial bonds, premium on serial bonds, compensated absences, retirement incentive payable, other postemployment benefits obligation, and net pension liability. The serial bonds of the District are secured by its general credit and revenue raising powers, as per State statute.

A summary of changes in the District's long term debt at June 30, 2025 follows:

	Balance 7/1/2024 (as restated)	Additions	Reductions	Balance 6/30/2025	Due Within One Year
Serial bonds	\$ 22,840,000	\$ -	\$ 4,305,000	\$ 18,535,000	\$ 3,655,000
Premium on serial bonds	1,842,081	-	209,759	1,632,322	209,759
Bonds payable, net	24,682,081	-	4,514,759	20,167,322	3,864,759
Compensated absences*	6,064,186	386,720	-	6,450,906	322,545
Retirement incentive payable	190,000	510,000	275,000	425,000	335,000
OPEB obligation	4,849,307	375,304	444,330	4,780,281	-
Net pension liability*	3,269,279	-	910,694	2,358,585	-
Total	\$ 39,054,853	\$ 1,272,024	\$ 6,144,783	\$ 34,182,094	\$ 4,522,304

(*Changes to compensated absences and the net pension liability are shown net.)

Serial Bonds—The District issues general obligation bonds to provide funds for construction renovations and improvements of major capital facilities. Serial bonds have been issued for governmental activities. General obligation bonds are direct obligations and pledge the full faith and credit of the government. These bonds generally are issued as serial bonds with equal amounts of principal maturing each year with original maturities that range from 2 to 13 years.

In the event of a default in the payment of the principal of or interest on the serial bonds, the State Comptroller is required to withhold, under certain conditions prescribed by Section 99-b of the State Finance Law, state aid and assistance to the District and to apply the amount thereof so withheld to the payment of such defaulted principal and/or interest, which requirement constitutes a covenant by the State with the holders from time to time of the Bonds.

The District does not hold any lines of credit.

The activity on the District's outstanding bond issues, for the year ended June 30, 2025, follows:

Description	Original Issue	Interest Rate	Year of Issue/ Maturity	Balance 7/1/2024	Additions	Reductions	Balance 6/30/2025
2012 Serial Bonds	\$ 5,000,000	1.4-4.1%	2012/2027	\$ 1,230,000	\$ -	\$ 395,000	\$ 835,000
2016 Serial Bonds	6,390,327	2.1-5.0%	2016/2030	2,835,000	-	490,000	2,345,000
2017 Refunding Bonds	10,025,000	2.0-5.0%	2017/2026	2,575,000	-	1,550,000	1,025,000
2018 Serial Bonds	9,810,000	3.3-5.0%	2018/2033	6,665,000	-	665,000	6,000,000
2020 Refunding Bonds	3,300,000	1.1-4.0%	2021/2027	1,510,000	-	595,000	915,000
2023 Serial Bonds	2,095,000	5%	2023/2037	2,015,000	-	115,000	1,900,000
2023 Serial Bonds	2,050,000	5%	2023/2038	2,050,000	-	105,000	1,945,000
2023 Serial Bonds	4,325,000	5%	2023/2038	3,960,000	-	390,000	3,570,000
Total				<u>\$ 22,840,000</u>	<u>\$ -</u>	<u>\$ 4,305,000</u>	<u>\$ 18,535,000</u>

Premium on Serial Bonds—Premium on bond issuances are being amortized on a straight-line basis over the life of their related bonds. The unamortized premium as of June 30, 2025 was \$1,632,322.

Compensated Absences—As explained in Note 1, the District provides for either cash or post-employment health benefits after retirement. The payment in cash or health care benefits depends on individual options selected upon retirement in accordance with the union contract. The liability for compensated absences at June 30, 2025 amounts to \$6,450,906 of which \$322,545 has been included within the current portion of long-term debt.

Retirement Incentive Payable—The District offered an early retirement incentives to employees of the Dunkirk Teachers Association, Civil Service Employees Association, and the Dunkirk Administrators' Association. The value recorded in the government-wide financial statements at June 30, 2025 for governmental activities is \$425,000, of which \$335,000 has been included within the current portion of long-term debt.

OPEB Obligation—As explained in Note 8, the District provides health insurance coverage for certain retirees. The District's annual other postemployment benefits ("OPEB") cost is calculated based in the annual required contributions of the employer, an amount actuarially determined in accordance with the parameters of GASB. The estimated long-term OPEB liability is \$4,780,281 at June 30, 2025.

Net Pension Liability—The District reported a liability, totaling \$2,358,585, for its proportionate share of the net pension liability for the Employees' Retirement System. Refer to Note 7 for additional information related to the District's net pension liability.

The following is a maturity schedule of the District's indebtedness:

Year Ending June 30,	Serial Bonds	Premium on Serial Bonds	Compensated Absences	Retirement Incentive Payable	OPEB Obligation	Net Pension Liability	Total
2026	\$ 3,655,000	\$ 209,759	\$ 322,545	\$ 335,000	\$ -	\$ -	\$ 4,522,304
2027	2,425,000	207,506	-	90,000	-	-	2,722,506
2028	1,755,000	182,698	-	-	-	-	1,937,698
2029	1,840,000	182,698	-	-	-	-	2,022,698
2030	1,645,000	182,698	-	-	-	-	1,827,698
2031-2035	5,215,000	579,649	-	-	-	-	5,794,649
2036-2038	2,000,000	87,314	-	-	-	-	2,087,314
Thereafter	-	-	6,128,361	-	4,780,281	2,358,585	13,267,227
Total	<u>\$ 18,535,000</u>	<u>\$ 1,632,322</u>	<u>\$ 6,450,906</u>	<u>\$ 425,000</u>	<u>\$ 4,780,281</u>	<u>\$ 2,358,585</u>	<u>\$ 34,182,094</u>

Interest requirements on serial bonds are as follows:

Year Ending June 30,	Interest
2026	\$ 866,876
2027	680,282
2028	592,562
2029	488,237
2030	408,612
2031-2035	1,092,280
2036-2038	192,500
Total	<u>\$ 4,321,349</u>

11. NET POSITION AND FUND BALANCE

The government-wide financial statements utilize a net position presentation. Net position is categorized as net investment in capital assets, restricted and unrestricted.

- ***Net Investment in Capital Assets***—This category groups all capital assets into one component of net position. Accumulated depreciation and the outstanding balances of debt that are attributable to the acquisition, construct or improvement of these assets reduce the balance in this category.
- ***Restricted Net Position***—This category represents external restrictions imposed by creditors, grantors, contributors, or laws and regulations of other governments and restrictions imposed by law through constitutional provisions or enabling legislation.
- ***Unrestricted Net Position***—This category represents net position of the District not restricted for any project or other purpose.

In the fund financial statements, nonspendable amounts represent net current financial resources that cannot be spent because they are either not in spendable form or legally or contractually required to be maintained intact. Nonspendable fund balance maintained by the District at June 30, 2025 includes:

- ***Inventory***—Representing the portion of fund balance, \$7,870 composed of inventory. This balance is nonspendable as the inventory does not represent an available resource.

In the fund financial statements, restricted fund balances are amounts constrained to specific purposes (such as grants, bondholders, and higher levels of government) through constitutional provisions or by enabling legislation. Restricted fund balances maintained by the District at June 30, 2025 are as follows:

	General Fund	Student Activities Fund	Capital Projects Fund	Total
Unemployment	\$ 1,905,753	\$ -	\$ -	\$ 1,905,753
Employee benefits	366,543	-	-	366,543
Retirement contribution	9,752,183	-	-	9,752,183
Debt service	105,775	-	-	105,775
Capital projects	4,004,728	-	9,450,700	13,455,428
Student activities	-	120,816	-	120,816
Total	<u>\$ 16,134,982</u>	<u>\$ 120,816</u>	<u>\$ 9,450,700</u>	<u>\$ 25,706,498</u>

- ***Restricted for Unemployment***—According to General Municipal Law Section 6-m, this restriction must be used to pay the cost of reimbursement to the State Unemployment Insurance Fund for payments made to claimants where the employer has elected to use the benefit reimbursement method. The restriction may be established by Board action and is funded by budgetary appropriations and such other funds as may be legally appropriated. Within sixty days after the end of any fiscal year, excess amounts may either be transferred to another reserve or the excess applied to the appropriations of the next succeeding fiscal year's budget. If the District elects to convert to tax (contribution) basis, excess resources in the fund over the sum sufficient to pay pending claims may be transferred to any other reserve fund.
- ***Restricted for Employee Benefits***—According to General Municipal Law Section 6-p, this restriction must be used for the payment of accrued employee benefit due to an employee upon termination of the employee's service. This reserve may be established by a majority vote of the Board, and is funded by budgetary appropriations and such other reserves and funds that may be legally appropriated.
- ***Restricted for Retirement Contribution***—According to General Municipal Law Section 6-r, this restriction must be used to pay "retirement contributions", which are defined as all or any portion of the amount payable to the ERS (\$8,902,139), pursuant to Sections 17 or 317 of the NYSSRL, and to the TRS (\$850,044), pursuant to the newly amended Section 6-r. The restriction may be established by Board resolution; there are no referendum requirements to create the funds or expend money from the funds. The Board may authorize the transfer of moneys to a reserve fund established pursuant to Sections 6c-g of the GML or Section 3651 of Education Law.

- ***Restricted for Debt Service***—Represents amounts within the General Fund resulting from unspent debt proceeds that are required to be used for capital project expenses or the debt service thereof.
- ***Restricted for Capital Projects***— According to Education Law Section 3651, this restriction must be used to pay the cost of any object or purpose for which bonds may be issued. The creation of a capital reserve fund requires authorization by a majority of the voters establishing the purpose of the reserve, the ultimate amount, its probable term and the source of the funds. Expenditure may be made from the restriction only for a specific purpose further authorized by the voters. The form for the required legal notice for the vote on establishing and funding the reserve and the form of the proposition to be placed on the ballot are set forth in Section 3651 of the Education Law.
- ***Restricted for Student Activities***—Amounts generated by the Extraclassroom Activities at the District which are restricted for use only within the Student Activities Fund for specified student activities.

In the fund financial statements, commitments are amounts that are subject to a purpose constraint imposed by a formal action of the District’s highest level of decision-making authority. As of June 30, 2025, the District had no committed fund balance.

In the fund financial statements, assignments are not legally required segregations but are segregated for a specific purpose by the District at June 30, 2025 and include:

	General Fund	School Lunch Fund	Total
Subsequent year's expenditures	\$ 1,926,856	\$ -	\$ 1,926,856
Encumbrances	271,829	23,761	295,590
Specific use:			
School lunch	-	950,604	950,604
Total	<u>\$ 2,198,685</u>	<u>\$ 974,365</u>	<u>\$ 3,173,050</u>

- ***Assigned to Subsequent Year’s Expenditures***—Representing available fund balance being appropriated to meet expenditures requirements in the 2025-2026 fiscal year.
- ***Assigned to Encumbrances***—Representing amounts related to unperformed (executory) contracts for goods and services.
- ***Assigned to Specific Use***—Representing fund balance within the special revenue funds that is assigned for a specific purpose. The assignments purpose relates to each funds operations and represents remaining amounts within funds that are not restricted or committed.

If the District must use funds for emergency expenditures the Board of Education shall authorize the Business Administrator to expend funds first from funds classified under GASB as nonspendable (if funds become available) then restricted funds. The use of committed and assigned funds as classified by GASB will occur after the exhaustion of available restricted funds. Finally, if no other fund balances are available, the District will use unassigned fund balance.

12. INTERFUND BALANCES AND ACTIVITY

Interfund receivables and payables are short-term in nature and exist because of temporary advances or payments made on behalf of other funds. The composition of interfund balances as of June 30, 2025 is as follows:

	Interfund	
	Receivables	Payables
Governmental Funds:		
General Fund	\$ 2,126,174	\$ -
Special Aid Fund	-	2,126,174
Total governmental funds	<u>\$ 2,126,174</u>	<u>\$ 2,126,174</u>

The outstanding balances between these funds result from payments made on behalf of other funds or temporary advances. All of these balances are expected to be collected/paid within the subsequent year.

The District made the following transfers during the year ended June 30, 2025:

Fund	Special Aid Fund	Capital Projects Fund	Total
Transfers out:			
General Fund	\$ 85,946	\$ 100,000	\$ 185,946
Total	<u>\$ 85,946</u>	<u>\$ 100,000</u>	<u>\$ 185,946</u>

Transfers are used primarily to finance capital projects within the Capital Projects Fund and pay for the District's portion of certain state and federal grants in the Special Aid Fund.

13. LABOR RELATIONS

District employees are represented by three bargaining units, with the balance governed by Board of Education rules and regulations. Negotiated contracts are in place through June 30, 2026 for the Dunkirk Teachers' Association, and June 30, 2027 for the Civil Service Employees Association and Dunkirk Administrators' Association.

14. COMMITMENTS

Encumbrances—Encumbrances are commitments related to unperformed (executory) contracts for goods or services (i.e., purchase orders, contracts, and commitments). Encumbrance accounting is utilized to the extent necessary to assure effective budgetary control and accountability and to facilitate effective cash planning and control. While all appropriations and encumbrances lapse at year end, valid outstanding encumbrances (those for which performance under the executory contract is expended in the next year) are re-appropriated and become part of the subsequent year's budget pursuant to state regulations. The District considers encumbrances significant if they are in excess of \$200,000. As of June 30, 2025, there were no significant encumbrances.

15. CONTINGENCIES

Litigation—Various legal actions are pending against the District. The outcome of these matters is not presently determinable but, in the opinion of management, the ultimate liability will not have a material adverse effect on the financial condition or results of operation of the District.

Grants—In the normal course of business, the District receives grant funds from various Federal and State agencies. These grant programs are subject to audit by agents of the granting authority, the purpose of which is to ensure compliance with conditions precedent to the granting of funds. Any disallowed expenditures resulting from such audits could become a liability of the governmental funds. While the amount of expenditures, if any, which may be disallowed cannot be determined at this time, management expects any amounts to be immaterial.

Other—The District is involved in litigation in the ordinary course of its operations. The District believes that its ultimate liability, if any, in connection with these matters will not have a material effect on the District's financial condition or results of operation.

16. TAX ABATEMENTS

The District is subject to tax abatements granted by the Chautauqua County Industrial Development Agency ("CCIDA"). These programs have the stated purpose of increasing business activity and employment in the region. Economic development agreements are entered into by the CCIDA and include the abatement of state, county, local and school district taxes, in addition to other assistance. In the case of the District, the abatements have resulted in reductions of property taxes, which the District administers as a temporary reduction in the assessed value of the property involved. The abatement agreements stipulate a percentage reduction of property taxes, which can be as much as 100 percent. Under the agreements entered into by CCIDA, the District collected \$332,228 during the 2024-2025 fiscal year in payments in lieu of taxes ("PILOT"), these collections were made in lieu of \$685,501 in property taxes.

17. SUBSEQUENT EVENTS

Management has evaluated subsequent events through October 14, 2025, which is the date the financial statements are available for issuance, and determined that there are no subsequent events that require disclosure under generally accepted accounting principles.

DUNKIRK CITY SCHOOL DISTRICT, NEW YORK
Notes to the Required Supplementary Information
Year Ended June 30, 2025

1. OPEB LIABILITY

Changes of Assumptions—Changes of assumptions reflect the effects of changes in the discount rate and salary scale. The discount rate is based on the Fidelity Municipal Go AA 20-Year Bond rate as of the measurement date, which changed from 3.98% to 4.39% at June 30, 2025. The salary scale reflects the rate at which payroll amounts are expected to change over time and changed from 3.43% to 3.30% at June 30, 2025. The ultimate healthcare cost trend rate was updated from 5.30% to 3.71% at June 30, 2025.

2. BUDGETARY INFORMATION

Budgetary Basis of Accounting—An annual budget is adopted on a basis consistent with generally accepted accounting principles in the United States of America for the General Fund. The Capital Projects Fund is appropriated on a project-length basis. No formal annual budget is adopted for the Special Aid Fund, School Lunch Fund or Student Activities Fund. Appropriation limits, where applicable, for the Special Aid Fund are maintained based on individual grants accepted by the Board of Education. The periods of such grants may vary from the District's fiscal year. A budget is maintained for the School Lunch Fund as a management tool for internal control purposes. No budget is adopted for the Student Activities Fund as the extraclassroom activities of the District are maintained by the individual clubs.

The appropriated budget is prepared by fund, function, and department. The District's department heads may make transfers of appropriations within a department. Transfers of appropriations exceeding \$20,000 between departments require the approval of the Board. The legal level of budgetary control (i.e., the level at which expenditures may not legally exceed appropriations) is the departmental level.

Appropriations in all budgeted funds lapse at the end of the fiscal year even if they have related encumbrances. Encumbrances are commitments related to unperformed (executory) contracts for goods or services (i.e., purchase orders, contracts, and commitments). Encumbrance accounting is utilized to the extent necessary to assure effective budgetary control and accountability and to facilitate effective cash planning and control. While all appropriations and encumbrances lapse at year end, valid outstanding encumbrances (those for which performance under the executory contract is expended in the next year) are re-appropriated and become part of the subsequent year's budget pursuant to state regulations.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

The Board of Education
Dunkirk City School District, New York:

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (“*Government Auditing Standards*”), the financial statements of the governmental activities and each major fund of Dunkirk City School District, New York (the “District”) as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise the District’s basic financial statements, and have issued our report thereon dated October 14, 2025 (which report includes an emphasis of mater paragraph regarding the implementation of GASB Statement No. 101, *Compensated Absences*).

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District’s internal control over financial reporting (“internal control”) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District’s internal control. Accordingly, we do not express an opinion on the effectiveness of the District’s internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the District’s financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

APPENDIX C

FORM OF DISCLOSURE UNDERTAKING

DISCLOSURE UNDERTAKING

This undertaking to provide notice of certain designated events (the “Disclosure Undertaking”) is executed and delivered by the City School District of the City of Dunkirk, Chautauqua County, New York (the “Issuer”) in connection with the issuance of its \$12,000,000 Bond Anticipation Notes, 2026A or interests therein (such Note(s), including any interests therein, being collectively referred to herein as the “Security”). The Security has a stated maturity of 18 months or less. The Issuer hereby covenants and agrees as follows:

Section 1. Obligation to Provide Notices of Events. (a) The Issuer hereby undertakes (for the benefit of Security Holders) to provide (or cause to be provided either directly or through a dissemination agent) to EMMA (or any successor thereto) in an electronic format (as prescribed by the MSRB) in a timely manner (not in excess of ten business days after the occurrence of any such event) notice of any of the following events with respect to the Security:

- (1) Principal and interest payment delinquencies;
- (2) Non-payment related defaults, if material;
- (3) Unscheduled draws on debt service reserves reflecting financial difficulties;
- (4) Unscheduled draws on credit enhancements reflecting financial difficulties;
- (5) Substitution of credit or liquidity providers, or their failure to perform;
- (6) Adverse tax opinions, the issuance by the Internal Revenue Service of proposed or final determinations of taxability, Notices of Proposed Issue (IRS Form 5701-TEB) or other material notices or determinations with respect to the tax status of the Security, or other material events affecting the tax status of the Security;
- (7) Modifications to rights of Security Holders, if material;
- (8) Bond (or Note) calls, if material, and tender offers;
- (9) Defeasances;
- (10) Release, substitution, or sale of property securing repayment of the Security, if material;
- (11) Rating changes;
- (12) Bankruptcy, insolvency, receivership or similar event of the obligated person;

Note to paragraph (12): For the purposes of the event identified in paragraph (12) of this section, the event is considered to occur when any of the following occur: The appointment of a receiver, fiscal agent or similar officer for an obligated person in a proceeding under the U.S. Bankruptcy Code or in any other proceeding under state or federal law in which a court or governmental authority has assumed jurisdiction over substantially all of the assets or business of the obligated person, or if such jurisdiction has been assumed by leaving the existing governing body and officials or officers in possession but subject to the supervision and orders of a court or governmental authority, or the entry of an order confirming a plan of reorganization, arrangement or liquidation by a court or governmental authority having supervision or jurisdiction over substantially all of the assets or business of the obligated person.

(13) The consummation of a merger, consolidation, or acquisition involving an obligated person or the sale of all or substantially all of the assets of the obligated person, other than in the ordinary course of business, the entry into a definitive agreement to undertake such an action or the termination of a definitive agreement relating to any such actions, other than pursuant to its terms, if material;

(14) Appointment of a successor or additional trustee or the change of name of a trustee, if material;

(15) Incurrence of a Financial Obligation of the obligated person, if material, or agreement to covenants, events of default, remedies, priority rights, or other similar terms of a Financial Obligation of the obligated person, any of which affect Security Holders, if material; and

(16) Default, event of acceleration, termination event, modification of terms, or other similar events under the terms of a Financial Obligation of the obligated person, any of which reflect financial difficulties.

(b) The Issuer may choose to disseminate other information in addition to the information required as part of this Disclosure Undertaking. Such other information may be disseminated in any manner chosen by the Issuer. If the Issuer disseminates any such additional information, the Issuer shall have no obligation to update such information or include it in any future materials disseminated pursuant to this Disclosure Undertaking.

(c) The Issuer may choose to provide notice of the occurrence of certain other events, in addition to those listed in Section 1(a) above, if the Issuer determines that any such other event is material with respect to the Security; but the Issuer does not undertake to commit to provide any such notice of the occurrence of any material event except those events listed above.

Section 2. Definitions.

“EMMA” means Electronic Municipal Market Access System implemented by the MSRB.

“Financial Obligation” means a (A) debt obligation; (B) derivative instrument entered into in connection with, or pledged as security or a source of payment for, an existing or planned debt obligation; or (C) guarantee of (A) or (B). Financial Obligation shall not include municipal securities as to which a final official statement has been provided to the MSRB consistent with Rule 15c2-12.

“MSRB” means the Municipal Securities Rulemaking Board established in accordance with the provisions of Section 15B(b)(1) of the Securities Exchange Act of 1934, or any successor thereto or to the functions of the MSRB contemplated by this Disclosure Undertaking.

“Purchaser” means the financial institution referred to in a certain Certificate of Determination that is being delivered by the Issuer in connection with the issuance of the Security.

“Rule 15c2-12” means Rule 15c2-12 promulgated by the Securities and Exchange Commission under the Securities Exchange Act of 1934, as amended through the date of this Disclosure Undertaking, including any official interpretations thereof.

“Security Holder” means any registered owner of the Security and any beneficial owner of the Security within the meaning of Rule 13d-3 promulgated by the Securities and Exchange Commission under the Securities Exchange Act of 1934.

Section 3. Remedies. If the Issuer fails to comply with any provision of this Disclosure Undertaking, then any Security Holder may enforce, for the equal benefit and protection of all Security Holders similarly situated, by mandamus or other suit or proceeding at law or in equity, this Disclosure Undertaking against the Issuer and any of the officers, agents and employees of the Issuer, and may compel the Issuer or any such officers, agents or employees to perform and carry out their duties under this Disclosure Undertaking; provided that the sole and exclusive remedy for breach of this Disclosure Undertaking shall be an action to compel specific performance of the obligations of the Issuer hereunder and no person or entity shall be entitled to recover monetary damages hereunder under any circumstances. Failure to comply with any provision of this Disclosure Undertaking shall not constitute an event of default on the Security.

Section 4. Parties in Interest. This Disclosure Undertaking is executed to assist the Purchaser to comply with paragraph (b)(5) of Rule 15c2-12 and is delivered for the benefit of the Security Holders. No other person has any right to enforce the provisions hereof or any other rights hereunder.

Section 5. Amendments. Without the consent of any Security Holders, at any time while this Disclosure Undertaking is outstanding, the Issuer may enter into any amendments or changes to this Disclosure Undertaking for any of the following purposes:

- (a) to comply with or conform to any changes to Rule 15c2-12 (whether required or optional);
- (b) to add a dissemination agent for the information required to be provided as part of this Disclosure Undertaking and to make any necessary or desirable provisions with respect thereto;
- (c) to evidence the succession of another person to the Issuer and the assumption of any such successor of the duties of the Issuer hereunder;
- (d) to add to the duties of the Issuer for the benefit of the Security Holders, or to surrender any right or power herein conferred upon the Issuer;
- (e) to cure any ambiguity, to correct or supplement any provision hereof which may be inconsistent with any other provision hereof, or to make any other provisions with respect to matters or questions arising under this Disclosure Undertaking which, in each case, comply with Rule 15c2-12 or Rule 15c2-12 as in effect at the time of such amendment or change;

provided that no such action pursuant to this Section 5 shall adversely affect the interests of the Security Holders in any material respect. In making such determination, the Issuer shall rely upon an opinion of nationally recognized bond counsel.

Section 6. Termination. (a) This Disclosure Undertaking shall remain in full force and effect until such time as all principal, redemption premiums, if any, and interest on the Security shall have been paid in full or the Security shall have otherwise been paid or legally defeased in accordance with their terms. Upon any such legal defeasance, the Issuer shall provide notice of such defeasance to EMMA. Such notice shall state whether the Security has been defeased to maturity or to redemption and the timing of such maturity or redemption.

(b) In addition, this Disclosure Undertaking, or any provision hereof, shall be null and void in the event that those portions of Rule 15c2-12 which require this Disclosure Undertaking, or such provision, as the case may be, do not or no longer apply to the Security, whether because such portions of Rule 15c2-12 are invalid, have been repealed, or otherwise.

Section 7. Undertaking to Constitute Written Agreement or Contract. This Disclosure Undertaking shall constitute the written agreement or contract for the benefit of Security Holders, as contemplated under Rule 15c2-12.

Section 8. Governing Law. This Disclosure Undertaking shall be governed by the laws of the State of New York determined without regard to principles of conflict of law.

IN WITNESS WHEREOF, I have hereunto set my signature and affixed the seal of the Issuer to this Disclosure Undertaking as of [September 1, 2026].
